PART I - BUSINESS AND GENERAL INFORMATION

ITEM 1: BUSINESS

The Securities and Exchange Commission (SEC), on October 30, 2003, approved the amendment of the Company's Articles of Incorporation to change the primary purpose thereof to that of a holding company and to include its then primary purpose of oil exploration as among the secondary purposes of the Company.

On April 25, 2014, the Board of Directors approved the amendment in the Articles of Incorporation to change the name of South China Resources, Inc. to SOCResources, Inc. (SOC). The change was approved by the Philippine SEC on September 04, 2014.

SOC was incorporated and registered with the SEC on September 25, 1992 primarily to undertake oil and gas exploration, development and production and became one of the leading exploration companies upon its listing in 1994. Starting in 1995, SOC opted to strengthen its core business by diversifying into other investments. After two decades, the company has now turned out to be one of the strongest holding companies in the market having had investments in real estate, steel fabrication, banking, telecommunications and energy exploration.

The diversification process, brought on by the financial crisis of the 90's, and honed through the years, allowed SOC to invest in technology based and long-term ventures. This gave the company the means to weather the lows of the period. One of the first and significant investments was the acquisition and sale of Bell Telecommunications Philippines, Inc., the acquisition and subsequent sale of Filipinas Plaza along EDSA corner Chino Roces Avenue and minority equity in Premiere Development Bank.

The sale of equity investments in Filipinas Plaza and BellTel gave the company the influx of funds for re-investment and following the proven model of acquisition and sale of significant assets, SOC acquired equity in AGP International Inc in December 2010 which in turn gained control of AG&P Manila. AG&P Manila is one of the oldest and largest steel fabrication companies in the country with the unchallenged capability in modular fabrication. AG&P was supposedly a long-term investment however management was able to identify an opportunity which allowed for a shorter turn-around time in recouping this investment. This allowed for recoup of the investment and make a good return in what would have taken the company more than several years at the very least following the usual course of investment and dividend sharing. On January 31, 2012, the company sold its AGP shares at a good profit.

Premier Bank on the other hand expanded to almost 40 branches after the company acquired its shares. It became one of the most stable small banks that it became an attractive target for acquisition by a much larger bank. The sale of this asset was concluded with the approval of the sale by the Monetary Board.

Following the successful sale of the Filipinas Plaza and in response to the growing need for affordable housing for Filipinos, SOC followed on through the real estate business by acquiring on May 26, 2010 a 2.4 hectare plot in Buli, Muntinlupa strategically located along the South Luzon Expressway.

The government estimates the country's housing backlog at almost 4 million. There lay an opportunity for SOC to serve a basic need of Filipinos. It formed SOC Land Development Corporation (SOC Land), a wholly owned subsidiary, that put up quality homes at affordable prices. The Board of Directors, in a special meeting held November 11, 2010, directed Management to cause the registration with the Securities and Exchange Commission of SOC Land Development Corporation (SOC Land) as a wholly-owned subsidiary of the issuer with an authorized capital stock of One Hundred Sixty Million Pesos (PHP 160,000,000.00), a subscribed capital stock of Forty Million Pesos (PHP 40,000,000.00) and a paid-up capital of Ten Million Pesos (PHP 10,000,000.00). The subsidiary became the property development arm of the company, that is developing a 2.4-hectare community, called Anuva Residences (the Project), situated near Sucat Interchange. It will have four (4) tandem buildings. The total estimated cost of the Project is ₱2.0 billion

The first tandem building of ANUVA RESIDENCES, the "ANALA", projects a Fun Zone image showcasing the Wet and Dry Play Area for children. The building was completed and delivered last May 16, 2015 during the turnover ceremony held on the same day.

Amenities facing Analá including the wading pool, children's playground, al fresco area, cascading water, pond and Trellis Park have been finished as of end 2016 for the residents' use and enjoyment as well as the parking slots in the lower ground floor for the residents to use.

The second tandem building known as AZALEA is currently in a preselling stage focusing on the Green Urban Living image with amenities like the reflecting pool, adult and kiddie pool, cascades, picnic groves, clubhouse, garden party and BBQ area.

SOC Land's latest project is a horizontal residential development, ALTHEA RESIDENCES. It is situated in Brgy. Zapote, Biñan City, Laguna and featuring modern homes with tranquil vibe spread in 4.3 hectares of land while a number of house and lot units have been completed, additional construction of other house and lot units is ongoing.

SOC has identified other areas for potential investment. To address a growing population, now estimated at 100 million Filipinos and increasing every year, SOC looks at food production. The Company believes that a rising population coupled with rising incomes will drive greater food consumption. Opportunities have been identified to get in this value chain to grow a long-term business that will allow expansion laterally and vertically.

The Company entered into an agreement with the Palawan IP group Campong It Mapangarapan It Palawano (CAMPAL) of Rizal, Palawan to undertake agro-industrial development of their ancestral land. The National Commission for Indigenous Peoples (NCIP) handed over to the Company the Certificate of Pre-condition with FPIC (Free Prior Informed Consent) for the agreement last June 2016. The Company has completed project documentation with the LGUs (Local Government Units). SOC and CAMPAL have been conferring with the LGUs and the Palawan Council for Sustainable Development (PCSD) to secure the Strategic Environmental Plan (SEP) Clearance needed for the agro-industrial development of over 3200 hectares of the IP area.

The country needs both conventional and renewable energy resources to address its power requirements. SOC is investigating conventional and renewable energy resources, that can provide for base load power that is sustainable for the long term and therefore provide for a steady income stream for the company.

Principal products or services and their distribution; competition in the industry; sourcing of raw materials and principal suppliers; dependence on one or few customers; transactions with and/or related parties; and patents, trademarks, licenses, franchises, concessions, royalty agreement, or labor contracts are not applicable with the registrant at this time.

The Company's subsidiary is SOC Land Development Corporation as of December 31, 2017.

The Company does not expect any significant changes in its number of employees. Presently, the Company has a total of six (6) officers and employees, all working full-time, one (1) Chairman, one (1) Vice-President for Operations, one (1) Vice-President for Finance, one (1) Accounting Manager, one (1) Accounting Assistant and one (1) Messenger. The Company has no Collective Bargaining Agreements (CBA).

ITEM 2: PROPERTIES

On May 26, 2010, the Board of Directors in a special meeting, adopted a resolution authorizing the purchase by the Company of a 24,022.90 sq.m. parcel of land located at the East Service Road of South Superhighway, Brgy. Buli, Muntinlupa City, Metro Manila, registered in the names of, among others, the Company's majority Directors, and major stockholders, Edgardo P. Reyes, Wilfrido P. Reyes and Belen R. Castro at a purchase price of P312,298,000.00. On July 28, 2010, SOC Resources completed the purchase of the land.

On March 4, 2011, in exchange for 312,298 additional shares in SOC Land, the Parent Company transferred the said investment property with a fair value of ₱312.3 million.

In 2014, SOC Land acquired a property in Binan, Laguna and will be the first house and lot/lots only project of the Company that will be known as Althea Residences (Althea). Althea was formally launched in November 2014 and initially offer 214 choice lots, commercial and residential combined.

The Company's office is located at 4f Enzo Building, 399 Senator Gil Puyat Avenue, Makati City.

ITEM 3: LEGAL PROCEEDINGS

The following cases were filed by the Company regarding the Makati City's assessment of alleged deficiency business taxes:

South China Resources, Inc. v. Office of the City Treasurer and/or Makati City
Civil Case No. 14-165
Regional Trial Court, Makati City, Branch 66

This is a petition under Section 195 of the Local Government Code (LGC) of 1991 assailing the : (a) City Treasurer of Makati's "Notice of Assessment No. 13-00381" dated 12 November 2013 issued against SOCResources, Inc. for the amount of ₱4,872,182.45, allegedly representing local business taxes deficiencies, fees and surcharges; and (b) the "Notice of Assessment for South China Resources, Inc. under Letter of Authority No. 2013-0502" dated 8 January 2014, which denied SOCResources, Inc.'s Protest dated 21 December 2013.

This case is currently pending trial before the Regional Trial Court (RTC), Makati City, Branch 66 after mediation proceedings before the Philippine Mediation Center and Judicial Dispute Resolution (JDR) hearings failed.

During the proceedings, we presented Ms. Ronna De Leon as our lone witness. Ms. De Leon testified, among others, that (a) SOCResources, Inc. is a holding company, engaged in the business of investing in transactions which earn passive income; and (b) the Makati Revenue Code imposes business taxes on holding companies; and (c) she was aware of the ruling of the Court of Tax Appeals in Michigan Holdings, Inc. v. The City Treasurer of Makati City, where it was ruled that the Makati City Treasurer's assessment of holding companies of local business taxes is invalid for being violative of the LGC and the National Internal Revenue Code.

Having submitted their formal offer of documentary evidence, the parties submitted their respective memoranda and the case was thereafter submitted for decision.

In a Decision dated 11 October 2017, the case was dismissed by the Regional Trial Court (RTC). SOCResources filed a Motion for Reconsideration dated 10 November 2017, which was denied by the RTC.

Thus, SOCResources filed a Petition for Review before the Court of Tax Appeals on 9 February 2018.

South China Resources, Inc. v. Office of the City Treasurer and/or Makati City
S.P. Proc. No. M-7835
Regional Trial Court, Makati City, Branch 147

This is a petition under Section 195 of the LGC of 1991, assailing: (a) the Billing Assessment dated 13 January 2015 issued by the Business Permits Office of the City of Makati against petitioner for the amount of ₱981,478.00, allegedly representing local business taxes and fees in connection with SOCResources, Inc.'s application for business permit renewal for 2015; and (b) respondent Treasurer's inaction on SOCResources, Inc.'s Letter Protest dated 25 February 2015.

In view of respondents' failure to file their answer within fifteen (15) days from service of the Summons on 17 August 2015, or until 1 September 2015, petitioner filed its "Motion to Declare Respondents in Default" dated 6 January 2016 (the "Motion"). Meanwhile, respondents filed their "Comment (to Plaintiff's Motion to Declare Respondents in Default)" dated 28 January 2016, stating that they failed to file their answer due to excusable negligence, consisting of heavy workload and manpower constraints in the Office of the City Attorney.

In its Order dated 21 March 2016, the court granted our Motion. Respondents filed their "Motion for Reconsideration (to Set Aside Order of Default and to Admit Attached Answer)" dated 6 May 2016. In its Order dated 30 June 2016, the court lifted the order of default against respondents and admitted their Answer.

The court-annexed mediation and JDR in this case were terminated both parties. In view thereof, the court issued the Order dated 7 December 2016, referring this case to the Office of the Clerk of Court for re-raffle. The case was re-raffled to the court a quo.

Thereafter, trial ensued and the case was submitted for decision. The RTC dismissed the case together with Civil Case No. 14-165. SOCResources filed its Motion for Reconsideration on 10 November 2017, which was denied by the RTC on 12 January 2018.

Thus, SOCResources filed a Petition for Review dated 12 February 2018 before the Court of Tax Appeals.

ITEM 4: SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

There were no matters submitted to a vote of security holders, during the fourth quarter of the calendar year covered by this report through the solicitation of proxies or otherwise.

PART II – OPERATIONAL AND FINANCIAL INFORMATION

ITEM 5: MARKET FOR ISSUER'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

(1) Market Information

The Principal Market where the Issuer's common equity is traded is in the Philippine Stock Exchange.

As of the trading date, March 31, 2018, the high and low price is ₱0.83 and ₱0.81 respectively and the price closed at ₱0.81. The Corporation has no securities to be issued in connection with an acquisition, business combination or other re-organization. Furthermore, the following are the high and low sales prices for each quarter within the last two years (2017 and 2016).

Stock Prices

2017	High	Low
First Quarter	0.8600	0.8600
Second Quarter	0.9100	0.8800
Third Quarter	0.9200	0.9200
Fourth Quarter	0.8100	0.8100
2016	High	Low
First Quarter	0.8000	0.7600
Second Quarter	0.9300	0.8900
Third Quarter	1.0000	0.9400
Fourth Quarter	0.8300	0.8300

(2) Holders

The number of shareholders of record as of December 31, 2017 was 362. Common shares issued and outstanding as of December 31, 2017 were **901,920,568**.

As of December 31, 2017

NO.	HOLDER NAME	TOTAL SHARES	% OWNED
1	CASTRO, BELEN R.	231,531,122	25.6709 %
2	REYES, EDGARDO P.	229,853,123	25.4849 %
3	REYES, WILFRIDO P.	226,853,123	25.1522 %

(3) Recent Sale of Unregistered or Exempt Securities

There had been no sale of unregistered or exempt securities, including recent issuance of securities constituting an exempt transaction by the Company in the last three years.

(4) Public Ownership Report as March 31, 2018

In compliance with Philippine Stock Exchange Amended Rule on Minimum Public Ownership (the “Amended MPO Rule”) as announced in Memorandum CN – No. 2012-0003 dated January 3, 2012 stating that a listed company shall include in its annual report a statement on the level of its public float. The statement should be based on information that is publicly available to the listed company and within the knowledge of its directors as at the end of the fiscal year, or at the latest practicable date, prior to the issuance of the annual report. Hereunder is the computation of company’s public ownership percentage as of March 31, 2018:

<u>PUBLIC OWNERSHIP PERCENTAGE</u>				
<u>Total Number of Shares Owned by the Public</u>				
<u>Total Issued and Outstanding Shares</u>				
213,133,200	shares	=	<u>23.63</u>	%
901,920,568	shares			76.37%

Number of Issued and Outstanding Shares	=	901,920,568
Number of Outstanding Shares	=	901,920,568
Number of Treasury Shares	=	4,639,000
Number of Listed Shares	=	906,559,569
Number of Foreign-Owned Shares	=	8,060,671
Foreign Ownership Level (%)	=	0.89%
Foreign Ownership Limit (%)	=	40%

ITEM 6: MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

RESULTS AND PLANS OF OPERATIONS

Real Estate: SOC Land

ANALA the first tandem building of ANUVA RESIDENCES project has sold 269 units as of December 2017 which corresponds to 52% of the total inventory. 229 units have been turned over to end users. Out of this, 124 units are occupied with more than 248 people currently residing in the building.

AZALEA the second tandem building of ANUVA RESIDENCES is still in a pre-selling stage which is focusing on the Green Urban Living image. Azalea has sold 50 units which correspond to 10% of the total inventory.

SOC Land's horizontal residential development project, ALTHEA RESIDENCES located at Biñan City Laguna has sold a total of 156 units, a combination of lots and house & lots which correspond to 73% of the total inventory. Twenty-one (21) units were already constructed, and sixteen (16) of this has been turned over to end users. Out of this, eleven (11) units are already occupied. In addition, there are three (3) more units that are being constructed and the target completion of these units will be on January 2018. Amenities for this project have already been completed as well as the clubhouse, swimming pool & basketball court.

Other Energy, Mineral and Resource Based Opportunities

The Company is looking into food production. We believe in the thesis that rising incomes in the Asian region will drive greater food consumption.

The Company entered into an agreement with the Palawan IP group Campong It Mapangarapan It Palawano (CAMPAL) of Rizal, Palawan to undertake agro-industrial development of their ancestral land. The National Commission for Indigenous Peoples (NCIP) handed over to the Company the Certificate of Pre-condition with FPIC (Free Prior Informed Consent) for the agreement last June 2016. The Company has completed project documentation with the LGUs (Local Government Units). SOC and CAMPAL have been conferring with the LGUs and the Palawan Council for Sustainable Development (PCSD) to secure the Strategic Environmental Plan (SEP) Clearance needed for the agro-industrial development of coffee and coconut over 3200 hectares of the IP area.

The global situation in recent years presents opportunities for the Company to seek entry into mineral exploration and exploitation sector.

The Company is in a favorable situation wherein its current cash position allows it to review other businesses wherein it may invest.

The following are the estimated cash requirements for SOCResources' operations in the next twelve months which are dependent on opportunity acquisition.

Agri-Business	\$3MM
Other Energy, Mineral & Resources Based Opportunities	\$ 200K for Assessment Studies

The Company's consolidated financial statements have been prepared in compliance with Philippine Financial Reporting Standards (PFRS).

CONSOLIDATED RESULTS OF OPERATIONS

2017 VS 2016 (AUDITED)

(in Philippine pesos)

ACCOUNTS	December 31, 2017	December 31, 2016	% CHANGE
REVENUES	83,850,699	211,507,476	-60.36%
COST AND EXPENSES	106,670,361	184,369,488	-42.14%
INCOME (LOSS) BEFORE INCOME TAX	(22,819,662)	27,137,988	-184.09%
PROVISION FOR INCOME TAX (Current)	1,276,648	1,373,128	-7.03%
PROVISION FOR INCOME TAX (Deferred)	2,168,161		100.00%
NET INCOME/(LOSS)	(26,264,471)	25,764,860	-201.94%
NET GAINS(LOSSES) ON AFS FINANCIAL ASSETS	736,513	8,114,806	-90.92%
ACTUARIAL GAINS (LOSS)	(35,236)	195,764	-118.00%
TOTAL COMPREHENSIVE INCOME/(LOSS)	(25,563,194)	34,075,430	-175.02%

2017 VS 2016: RESULTS OF OPERATIONS

Revenue for the year ended 2017 consists of: (1) recognized sale on real estate for SOC Land amounting to ₱65M;(2) Interest Income on time deposits, savings account and installment sales of real estate amounting to ₱13.M;(3) Dividend Income from domestic shares of stocks amounting to ₱0.3M;(4) net foreign exchange gain amounting to ₱0.2M and (5) other income amounting to ₱5M. The decrease in the total cost and expenses is attributable to the decrease in the recognized cost of sales for real estate sales and the general and administrative expenses of the group.

The provision for deferred tax liabilities pertains to the excess of deferred tax liabilities over the deferred tax assets of the group. Deferred tax liabilities consist of difference between tax and book basis of accounting for real estate transactions, Gain on repossession and Unrealized foreign exchange gain. Deferred tax liabilities are fair value changes of AFS financial assets and actuarial gains on defined benefit plan.

CONSOLIDATED RESULTS OF OPERATIONS

2016 VS 2015

(in Philippine pesos)

ACCOUNTS	December 31, 2016	December 31, 2015	% CHANGE
REVENUES	211,507,476	271,787,416	-22.18%
COST AND EXPENSES	184,369,488	291,884,108	-36.83%
INCOME (LOSS) BEFORE INCOME TAX	27,137,988	(20,096,692)	235.04%
PROVISION FOR INCOME TAX	1,373,128	1,213,840	13.12%
NET INCOME/(LOSS)	25,764,860	(21,310,532)	220.90%
NET GAINS(LOSSES) ON AFS FINANCIAL ASSETS	8,114,806	4,268,083	90.13%
ACTUARIAL GAINS ON DEFINED BENEFIT PLANS	195,764	78,566	12939
TOTAL COMPREHENSIVE INCOME/(LOSS)	34,075,430	(16,963,883)	300.87%

2016 VS 2015: RESULTS OF OPERATIONS

Revenue for the year ended 2016 consists of: (1) recognized sale on real estate for SOC Land amounting to ₱157M;(2) Interest Income on time deposits, savings account and installment sales of real estate amounting to ₱13.21M;(3) Dividend Income from domestic shares of stocks amounting to ₱0.3M;(4) net foreign exchange gain amounting to ₱0.3M and (5) other income amounting to ₱40M.

The 36% decrease in the total cost and expenses is attributable to the 51% decrease in the sales and marketing cost of the subsidiary and 16% decrease in the general and administrative expenses of the group. The significant decrease in the cost and expenses has brought a positive after tax net income despite of the 22% decrease in the total revenue of the group. There has also been an outstanding gain on the market value of the AFS financial assets currently held by the company.

TOTAL LIABILITIES AND EQUITY	1,758,070,254	1,764,965,240	-0.39%

2017 VS 2016: FINANCIAL CONDITION

The net effect of the following has caused the slight dropped of 0.19% in the current assets of the group: (1) 4% increase in cash and cash equivalents plus the short term investments due to interest income earned from investment in treasury bills and gain in redemption of UITF;(2) Receivables decreased by 24% due to the net effect of the collection of accounts pertaining to Anala, the first tandem building of SOCLand, which were turned over last May 2015 and the recognition of sales for those units of which 20% of the total contract price was collected;(3) Real Estate for sale increase by 1% due to the recognition of the cost of units sold; and (4) other current assets decreased due to the decrease in input vat recognized as current.

The increase in the current liabilities was due to the 42% increase in the customers' deposit for real estate sales.

Increase in noncurrent liabilities refers to the recognized retirement liability for the year 2017 and the deferred tax liabilities.

CONSOLIDATED FINANCIAL POSITION

2016 VS 2015 (AUDITED)

(in Philippine pesos)

ACCOUNTS	December 31, 2016	December 31, 2015	% CHANGE
CURRENT ASSETS	1,583,484,810	1,642,002,434	-3.56%
NONCURRENT ASSETS	181,480,430	126,731,990	43.20%
TOTAL ASSETS	1,764,965,240	1,768,734,424	-0.21%
CURRENT LIABILITIES	114,205,459	152,415,502	-25.07%
NONCURRENT LIABILITIES	4,222,219	3,856,790	9.47%
TOTAL LIABILITIES	118,427,678	156,272,292	-24.22%
EQUITY	1,646,537,562	1,612,462,132	2.11%
TOTAL LIABILITIES AND EQUITY	1,764,965,240	1,768,734,424	-0.21%

2016 VS 2015: FINANCIAL CONDITION

The net effect of the following has caused the slight dropped of 3.56% in the current assets of the group: (1) 20% increase in cash and cash equivalents;(2) Receivables decreased by 57% due to the net effect of the collection of accounts pertaining to Anala, the first tandem building of SOCLand, which were turned over last May 2015 and the recognition of sales for those units of which 20% of the total contract price was collected;(3) Real Estate for sale dropped by 3% due to the recognition of the cost of units sold; and (4) other current assets increased by 26% due to the creditable taxes remitted on fully paid units and refundable deposits for office rentals.

The decrease in the current liabilities was due to the payment made to contractors for Anala Building and Althea as well as offset of unit owners' deposit against receivable upon recognition of real estate sales.

Increase in noncurrent liabilities refers to the recognized retirement liability for the year 2016. The positive bottomline figure of the group has caused the increase in the total equity of the group.

KEY PERFORMANCE INDICATORS

The following are the major financial ratios of the Company for the years ended December 31, 2017, 2016 and 2015:

Key Financial Ratios	December 31, 2017	December 31, 2016	December 31, 2015
Revenue Growth			
(Total Revenues (current period) - Total Revenues (prior period))/Total Revenues (prior period)	-60.36%	-22.18%	65.90%
Net income Growth/(Decline)			
Net Income (after tax) (current period)/ Net income (prior period, after tax)	-201.94%	220.90%	44.19%
Solvency Ratio			
(After Tax Net Income+Depreciation)/Total Liabilities	-17.39%	24.02%	-12.14%
EBITDA			
Income from operations plus depreciation and amortization	(P 23,842,405)	P28,450,135	(P18,965,657)
Asset to Equity Ratio			
Total Assets/Total Equity	1.0846 x	1.0719 x	1.0969 x
Return on Equity (ROE)			
Net income/ Equity	-1.62%	1.56%	-1.32%
Return on assets (ROA)			
Net income/ Total Assets	-1.49%	1.46%	-1.20%
Current/Liquidity ratio			
Current Assets/ Current Liabilities	12.32 x	13.87 x	10.77 x
Debt to Equity Ratio			
Total Liabilities/ Equity	0.0846 x	0.0719 x	0.0969 x

2017 VS 2016

The 0.19% decrease in current assets coupled with the 12% increase in current liabilities for the year ended 2017 has caused the current ratio to go down by 1.55 x as against year ended 2016.

A slight increase on the asset to equity ratio was due to the decrease in the total assets of the group particularly receivables and a decrease also on the equity.

The group was able to maintain its high debt to equity ratio. Increase on total liabilities was mostly driven by the recognition of deferred tax liabilities pertaining to difference between tax and book basis of accounting for real estate transactions, gain on repossession, unrealized foreign exchange gain and fair value changes of AFS financial assets.

2016 VS 2015

The 25% decrease in the current liabilities of the group has caused the increase in current ratio and the decline in the debt to equity ratio of the group Y/Y 2016.

A slight decrease on the asset to equity ratio was due to the decrease in the real estate for sale brought about by the turnover of the units in Anala building.

An outstanding net income growth of 220% has caused the solvency ratio to inched up to 24.91%.

The increase in the EBITDA of the group was translated to the increase in the cash and cash equivalents.

PROSPECTS FOR THE FUTURE

The outlook for SOC in the coming years is quite optimistic. Even with the refocus in business interests, new opportunities seem to look very promising and are discussed below.

(1) Prospects for SOC Land Development Corporation

SOC's investment into property development is seen as an important aspect in enhancing its shareholder value. The government estimates the country's housing backlog at almost 4 million. There lies the opportunity to serve a basic need of Filipinos. In November 2010, SCRI diversified its business and invested into real property development through SOC Land Development Corporation (SOC Land), a wholly-owned subsidiary with the primary purpose to deal and engage in real estate business.

SOC Land is developing a 2.4-hectare community, called Anuva Residences (the Project), situated near Sucat Interchange and will have four (4) tandem buildings. The first tandem building, Anala, was completed and delivered last May 16, 2015 during the turnover ceremony held on the same day

SOC land officially launched in Nov. 15, 2015, its newest horizontal residential development project, Althera Residences. It is situated in Brgy. Zapote, Biñan City, Laguna and will feature modern homes with a tranquil vibe spread in 4.3 hectares of land. Homeowners can choose from three housing options and the subdivision offers a variety of first class amenities. For this project, road networks have been completed including the Entrance Gate/Guardhouse and the Model Houses. It is strategically located near schools, churches, commercial establishments and malls, hospitals and government offices.

(2) Prospects for Agri-based businesses

The Company entered into an agreement with the Palawan IP group Campong It Mapangarapan It Palawano (CAMPAL) of Rizal, Palawan to undertake agro-industrial development of their ancestral land. The National Commission for Indigenous Peoples (NCIP) handed over to the Company the Certificate of Pre-condition with FPIC (Free Prior Informed Consent) for the agreement last June 2016. The Company has completed project documentation with the LGUs (Local Government Units). SOC and CAMPAL have been conferring with the LGUs and the Palawan Council for Sustainable Development (PCSD) to secure the Strategic Environmental Plan (SEP) Clearance needed for the agro-industrial development of over 3200 hectares of the IP area. Coffee and coconut are envisioned to be the main crops of the area.

Coffee is the second most traded commodity worldwide. The Philippines consumes about 170,000 metric tons of coffee (Phil. Coffee Board) and is a net importer of coffee. It imports almost 70% of its coffee needs at a cost of P7B.

Coconut, also called the "tree of life" is an established commercial plant wherein its derived products are used domestically

and internationally.

(3) Prospects for Other Energy, Mineral and Other Resource Based Opportunities

The Company continues to review potential energy resources as it explores entry into opportunities in other conventional and renewable energy resources. The global situation in recent years presents opportunities for the Company to seek entry into the mineral resource based sector.

DIVIDEND DECLARATION

The Company has no earnings yet from commercial production pertaining to the oil exploration segment of the business hence there were no dividends declared for the period ended December 31, 2017 and two years ended December 31, 2016 and December 31, 2015.

KEY VARIABLE AND OTHER QUALITATIVE AND QUANTITATIVE FACTORS

There are no material trends, events or uncertainties that are reasonably expected to occur in the next twelve months that will have a material favorable or unfavorable impact on the results of the Company's liquidity. Should there be material changes in working capital it would be advances from the management to support the Company's operation or a sale of non-current assets.

There are no significant elements of income or loss that did not arise from the Company's continuing operations.

There are no events that will trigger direct or contingent financial obligation that is material to the Company, including any default or accumulation of an obligation.

There were no seasonal aspects that had a material effect on the financial condition or results of operations of the Company.

The Company has no plans of changing the number of employees for the next twelve months.

There are no material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of the company with unconsolidated entities or other persons during the reporting period.

The material changes for this year in comparison with the prior year-end based on line items in the comparative financial statements as of December 31, 2017, 2016 and 2015 are summarized as follows:

ACCOUNTS	For the Period December 31			% CHANGE	
In Millions	2017	2016	2015	2017 vs 2016	2016 vs 2015

Discussion for 2017 VS 2016

Cash & Cash Equivalents

Collection of payments from the unit owners of Anala Building as well as reservation fees for the Althea, late payment penalties, forfeited payments, interest earned on in house financing, interest income from short term investments and dividend income has caused the increase of 4% in cash and cash equivalents. An amount of P252M was invested in treasury bills which has already earned an income of P3.3M for the year 2017.

Short-term Investment

Pertains to investment in treasury bills with one year maturity.

Receivables

The decrease on the receivable is due to the collection of sales on account.

Real Estate inventories

An addition of P25.6M for development cost incurred and repossessed inventory amounting to P18.5M with a recognition of P33.4M in cost of real estates caused the slight increase in real estate inventories.

Prepayments & other Assets

Decrease is mainly due to the decrease in input VAT – current portion by P13.6M.

Available for Sale Financial Assets

The decrease in the market value of domestic stock holdings of the company.

Accounts Payable & Other Liabilities

Increase was due to increase in customers' deposits.

Retirement Benefit Obligation

The group recognized ₱0.54M benefit obligation for the retirement plan of the group under defined benefit plans for the year 2017. The group has unfunded, noncontributory defined benefit retirement plan which covers all of its regular employees. The benefits are based on years of service and compensation on the last years of employment. Normal retirement is the attainment of age 60 and completion of at least 5 years of service.

Other Income

This consists of forfeited buyer deposits, gain on repossession, penalty income and late charges.

Sales and Marketing Expense

37% of the total sales and marketing expense pertains to the commissions and incentives amounting to ₱8.4M, 20% pertains to product presentation amounting to ₱4.5M and 32% makes up for the consultancy fees amounting to 7.3M.

General and Administrative Expenses

The following expenses take the biggest share in the general and administrative expenses: Personnel Cost amounting to ₱14.3M (28%), Taxes and Licenses amounting to ₱4.8M (9%) and Travel and transportation amounting to ₱6.2M (12%).

Discussion for 2016 VS 2015

Cash & Cash Equivalents

Collection of payments from the unit owners of Anala Building as well as reservation fees for the Althea, overdue payment penalties, forfeited payments, interest earned on in house financing, interest income from short term investments and dividend income has caused the 19.53% increase in the cash and cash equivalents for the year 2016 as against 2015.

Receivables

The decrease on the receivable is due to the collection of sales on account.

Real Estate inventories

Dropped by 2.62% due to the recognition of the cost of units sold on the Anala Building and Althea.

Prepayments & other Assets

Mainly due to decrease in Input VAT arising from the acquisition of its wholly owned subsidiaries of vatable goods and services for the Anuva Project.

Available for Sale Financial Assets

The increase in the market value of domestic stock holdings of the company.

Property and Equipment

The decrease is due to depreciation.

Accounts Payable & Other Liabilities

Decrease was due to payments to contractors (Anala Building and Althea) and offset of unit owner's deposit against receivable upon recognition of sales.

Retirement Benefit Obligation

The group recognized ₱0.38M benefit obligation for the retirement plan of the group under defined benefit plans for the year 2016. The group has unfunded, noncontributory defined benefit retirement plan which covers all of its regular employees. The benefits are based on years of service and compensation on the last years of employment. Normal retirement is the attainment of age 60 and completion of at least 5 years of service.

Unrealized Valuation on AFS

Pertains to the increase in market value of other domestic stock holdings of the company.

Interest Income

The amount of ₱8.8M representing 67% of the total interest income pertains to the interest earned from installment contract receivable.

Dividend Income

Dividend Income earned from equity securities amounted to ₱0.3M in 2016.

Other Income

This consists of forfeited buyer deposits, gain on repossession, penalty income and late charges.

Sales and Marketing Expense

34% of the total sales and marketing expense pertains to the commissions and incentives amounting to ₱4.8M, 30% pertains to product presentation amounting to ₱4.4M and 21% makes up for the consultancy fees amounting to ₱2.9M.

General and Administrative Expenses

The following expenses take the biggest share in the general and administrative expenses: Personnel Cost amounting to ₱12.9M (23%), Taxes and Licenses amounting to ₱8.7M (15%) and Travel and transportation amounting to ₱8.3M (15%).

ITEM 7: FINANCIAL STATEMENTS

The Financial Statements and Schedules listed in the accompanying Index to Financial Statements and Supplementary Schedules are filed as part of this SEC Form 17 – A.

ITEM 8: CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

There are no changes in and disagreements with independent accountants on accounting and financial disclosure and no change in the Company's independent accountants during the two most recent fiscal years or any subsequent interim period.

ITEM 12: CERTAIN RELATIONSHIP AND RELATED TRANSACTIONS**INTERNATIONAL PIPE INDUSTRIES, INC. (IPIC)**

IPIC is the pioneer manufacturer of large-diameter spiral welded pipes and machinery fabrication in the Philippines and Southeast Asia and has been producing quality pipes for the last 48 years. IPIC is the only company to date that has secured the American Petroleum Institute monogram in the Philippines. IPIC was also the first company in the Southeast Asia to pioneer in the design and exportation of high-tension transmission poles, weight coating of submarine line pipe and non-tension and pre-tension concrete pressure pipes.

In May 2011, the BOD has authorized the Group to enter into a related party agreement with IPIC to provide a standby fund facility in the amount of up ₱50.0 million for the acquisition of raw materials to be processed into finished steel pipe products. The Group will receive a guaranteed return on investment of at least 8% per annum.

As of December 31, 2014, IPIC has settled all of its advances from SOC amounting to ₱21.5 Million.

IPIC's accounts receivable and finished goods with fair value equivalent to the outstanding balance are used as collateral for the amount owed to the Group.

SOUTH CHINA PETROLEUM INTERNATIONAL, INC. (SCPI)

SCPI is a corporation established to prospect for, explore, extract, dig and drill for, exploit, produce, purchase, or otherwise obtain from the earth, any and all kinds of petroleum and petroleum products, rocks or carbon oils, natural gas and other volatile materials, chemical substance and salts, precious and base metals, diatomaceous earth as well as other minerals of whatever nature whether similar or dissimilar to those listed herein, and to manufacture, refine, prepare for market, buy, sell, import, export and transport and otherwise deal in petroleum and other minerals of whatever nature, whether similar

or dissimilar thereto, their products, compounds and derivatives and other mineral and chemical substances in crude or refined condition, and to generally engage, as may be permitted by law, in the business of, and/or investing in mining, manufacturing, contracting and servicing, in addition to oil exploration.

The total amount of receivable from SCPI as of December 31, 2017 and 2016 amounted to ₱191,619 and ₱179,036 which pertains to the amount paid for the business permit and registration. The amount is due and demandable.

ITEM 13: CORPORATE GOVERNANCE

An evaluation system is being set in place in relation to the provisions of the Revised Manual on Corporate Governance to measure the level of compliance by directors and top management. Also, the Company and its directors, officers and employees complied with all the leading practices and principles on good governance as embodied in the company's Revised Corporate Governance Manual.

The Company believes that the current corporate governance of the Company is sufficient to address its needs.

As per SEC Notice dated 05 April 2018, this portion has been deleted pursuant to SEC Memorandum Circular No. 5, series of 2013. SEC Integrated Annual Corporate Governance Report (I-ACGR) for the year 2017 will be due on or before 30 May 2018.

STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

The management of SOCResources, Inc. and subsidiary is responsible for the preparation and fair presentation of the financial statements including the schedules attached therein, for the years ended December 31, 2017 and 2016, in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

The Board of Directors reviews and approves the financial statements including the schedules attached therein, and submits the same to the stockholders.

SYCIP GORRES VELAYO & CO., the independent auditor appointed by the stockholders, has audited the financial statements of the company in accordance with Philippines Standards on Auditing, and in its report to the stockholders, has expressed its opinion on the fairness of presentation upon completion of such audit.

Signed under oath by the following:

Makati City 1200

Opinion

We have audited the consolidated financial statements of SOCResources, Inc. and Subsidiary (the "Group"), which comprise the consolidated statements of financial position as at December 31, 2017 and 2016, and the consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for each of the three years in the period ended December 31, 2017, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2017 and 2016, and its consolidated financial performance and its consolidated cash flows for each of the three years in the period ended December 31, 2017, in accordance with Philippine Financial Reporting Standards (PFRSs).

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the consolidated financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Revenue and Costs Recognition

The Group applies the percentage-of-completion (POC) method in determining the real estate revenue and costs. The POC is based on the proportion of costs incurred to date over the total estimated cost of the real estate project. The cost of real estate sales is determined on the basis of the total estimated costs applied with the POC of the project. The Group's real estate revenue and costs account for 75% of the total consolidated revenue and 100% of the total consolidated cost of real estate sales, respectively, for the year ended December 31, 2017. The estimation of the total cost of the real estate project requires technical inputs by third party project development engineers. In addition, the Group requires a certain percentage of the buyer's payments from the total selling price (buyer's equity), to be collected as one of the criteria in order to initiate revenue recognition. It is management's assumption that economic benefits will flow into the Group because of the buyers' continuing commitment to the sales agreement. This matter is significant to our audit because the assessment of the stage of completion and the level of buyer's equity involves significant management judgment as disclosed in Note 2 to the consolidated financial statements.

Audit Response

We obtained an understanding of the Group's processes in evaluating the POC and the cost accumulation process, as well as in calculating and updating the total estimated costs. We also performed tests of the relevant controls on these processes, and assessed the competence, capabilities and objectivity of the project engineers with reference to their qualifications, experience and reporting responsibilities. For selected projects, we traced the accumulated costs to the supporting documents such as the notices of award to contractors, billing statements, accomplishment reports, payment vouchers and official receipts. We visited selected project sites and made relevant inquiries with project engineers. We performed a test computation of management's calculation of the POC. For selected projects, we obtained the approved total estimated costs and the supporting details such as the duration of the work, terms of payment and other inclusions in the contract price. We evaluated management's basis of the buyer's equity by comparing this to the historical analysis of sales collections from buyers with accumulated payments above the collection threshold. We also inspected supporting documents such as sales and collection reports, and the related official receipts.

Other Information

Management is responsible for the other information. The other information comprises the information included in the SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2017, but does not include the consolidated financial statements and our auditor's report thereon. The SEC Form 20-IS (Definitive Information Statement), SEC Form 17-A and Annual Report for the year ended December 31, 2017 are expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audits of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audits or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with PFRSs, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

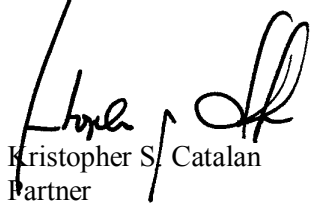

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is
Kristopher S. Catalan.

SOCRESOURCES, INC. AND SUBSIDIARY

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. Corporate Information, Status of Operations and Approval and Authorization for Issuance of the Consolidated Financial Statements

Corporate Information

SOCResources, Inc., (the Parent Company) was incorporated in the Philippines and registered with the Philippine Securities and Exchange Commission (SEC) on September 25, 1992, primarily to undertake oil and gas exploration, development and production. The Parent Company's shares of stock are publicly traded in the Philippine Stock Exchange (PSE).

In October 2003, the Philippine SEC approved the amendment of the Parent Company's articles of incorporation, particularly the change in its primary purpose of business. The Parent Company is now registered primarily to invest in, purchase, or otherwise acquire and own, hold, use, sell, assign, transfer, mortgage, pledge, exchange, or otherwise dispose of real and personal property of every kind and description, in particular shares of stocks, voting trust certificates, bonds, debentures, notes, evidences of indebtedness of associations and corporations, domestic or foreign, without being a stockbroker or dealer, and to issue in exchange therefore shares of the capital stock, bonds, notes, or other obligations and/or assets of the Parent Company and while the owner thereof, to exercise all the rights, powers, and privileges of ownership, including the right to vote any shares of stock or voting trust certificates so owned, and to do every act and thing that may generally be performed by entities known as "holding companies". The former primary purpose of oil and gas exploration was reclassified as among the secondary purposes of the Parent Company.

On April 25, 2014, the Board of Directors (BOD) approved the amendment in the articles of incorporation to change the name of the Parent Company from South China Resources, Inc. to SOCResources, Inc. The change was approved by the Philippine SEC on September 4, 2014.

SOC Land Development Corporation (SOC Land or the Subsidiary) was incorporated in the Philippines and registered with the Philippine SEC on November 25, 2010.

The registered office address of the Parent Company is 4th floor Enzo Building, 399 Senator Gil Puyat Avenue, Makati City 1200.

Status of Operations

Real Estate Development

In 2011, SOC Land undertook its maiden project called Anuva Residences (the Project). The Project involves the development of a 2.4-hectare community situated near Sucat Interchange and will have four tandem buildings. The total estimated cost of the Project is ₱2.0 billion and is targeted for completion within five years from the start of its construction.

On July 12, 2011, the groundbreaking ceremony for the Project was held and construction for the Project's Tandem Building 1 (Anala) commenced thereafter. Anala was completed in 2014, together with the parking lots and the amenities facing the first building. In May 2016, the Group has started the turn over of Anala to its buyers.

On September 2, 2011, SOC Land's Phase 1 project was duly registered with the Board of Investments (BOI) as a New Developer of Low-Cost Mass Housing on a Non-pioneer Status under the Omnibus Investments Code of 1987 (Executive Order No. 226). With the registration, SOC Land is entitled to an Income Tax Holiday (ITH) for three years from October 2011 or actual start of commercial operations or selling, whichever is earlier, but in no case earlier than the date of registration. Under the

specific terms and conditions of the registration, SOC Land shall submit proof of compliance that it has developed socialized housing project and accomplished corporate social responsibility activities that were duly identified by BOI in conjunction with the entitlement of ITH.

On December 14, 2011, the Housing and Land Use Regulatory Board released SOC Land's License to Sell for the Project.

On August 14, 2013, SOC Land has opted to surrender the original copy of the Certificate of Registration No. 2011-193 issued to SOC Land as New Developer of Low-Cost Mass Housing Project which will cancel SOC Land's entitlement to an ITH for three years.

In 2014, SOC Land launched a house and lot/lots only project that will be known as Althea Residences (Althea) which is located in Binan, Laguna with an initial offer of 214 choice lots, commercial and residential combined.

The second tandem building of Anuva (Azalea) was formally launched in 2014 and is expected to have sales of 476 units combined of studio, 1 bedroom and 2 bedroom units.

Approval of the Consolidated Financial Statements

The consolidated financial statements as at December 31, 2017 and 2016 and for each of the three years in the period ended December 31, 2017 were approved and authorized for issue by the BOD on April 13, 2018.

2. Summary of Significant Accounting Policies

Basis of Preparation

The consolidated financial statements have been prepared on a historical cost basis except for available-for-sale (AFS) financial assets that have been measured at fair value. The consolidated financial statements are presented in Philippine peso, which is the Parent Company and Subsidiary's functional currency. All values are rounded off to the nearest peso, except when otherwise indicated.

Statement of Compliance

The accompanying consolidated financial statements have been prepared in accordance with Philippine Financial Reporting Standards (PFRSs).

Basis of Consolidation

The consolidated financial statements include the accounts of the Parent Company and its wholly owned subsidiary, SOC Land. Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Parent Company obtains control and continue to be consolidated until the date when such control ceases. The financial statements of the Subsidiary are prepared for the same reporting year as the Parent Company using consistent accounting policies.

Subsidiaries are entities over which the Parent Company has control or generally has an interest of more than one half of the voting rights of the entities. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Parent Company controls another entity. Control is achieved where the Parent Company has all of the following:

- a. power over the investee;
- b. exposure, or rights, to variable returns from its involvement with the investee; and
- c. the ability to use its power over the investee to affect the amount of investor's returns.

All intra-group balances, transactions, income and expenses, and profits and losses resulting from intra-group transactions that are recognized are eliminated in full.

Changes in Accounting Policies and Disclosures

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of the first time amendments, which are effective for annual periods beginning on or after January 1, 2017. Except as otherwise indicated, the adoption of these amendments did not have any significant impact on the consolidated financial statements.

- Amendment to PFRS 12, *Clarification of the Scope of the Standard* (Part of *Annual Improvements to PFRSs 2014 - 2016 Cycle*)
- Amendments to Philippine Accounting Standards (PAS) 7, *Statement of Cash Flows, Disclosure Initiative*
- Amendments to PAS 12, *Income Taxes, Recognition of Deferred Tax Assets for Unrealized Losses*

New Accounting Standards, Interpretations and Amendments to Existing Standards Effective Subsequent to December 31, 2017

The standards and interpretations that are issued, but not yet effective, up to the date of issuance of the consolidated financial statements are listed on the next page. The Group intends to adopt these standards when they become effective. Except as otherwise indicated, the adoption of these standards and interpretations are not expected to have significant impact on the consolidated financial statements.

Effective January 1, 2018

- Amendments to PFRS 2, *Share-based Payment, Classification and Measurement of Share-based Payment Transactions*
- Amendments to PFRS 4, *Insurance Contracts, Applying PFRS 9, Financial Instruments, with PFRS 4*
- PFRS 9, *Financial Instruments*

PFRS 9 reflects all phases of the financial instruments project and replaces PAS 39, *Financial Instruments: Recognition and Measurement*, and all previous versions of PFRS 9. The standard introduces new requirements for classification and measurement, impairment, and hedge accounting. PFRS 9 is effective for annual periods beginning on or after January 1, 2018, with early application permitted. Retrospective application is required, but providing comparative information is not compulsory. For hedge accounting, the requirements are generally applied prospectively, with some limited exceptions.

The Group is currently assessing the impact of PFRS 9 and plans to adopt the new standard on the required effective date.

- PFRS 15, *Revenue from Contracts with Customers*

PFRS 15 establishes a new five-step model that will apply to revenue arising from contracts with customers. Under PFRS 15, revenue is recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer. The principles in PFRS 15 provide a more structured approach to measuring and recognizing revenue.

The new revenue standard is applicable to all entities and will supersede all current revenue recognition requirements under PFRSs. Either a full retrospective application or a modified

retrospective application is required for annual periods beginning on or after January 1, 2018. Early adoption is permitted. The Company plans to adopt the new standard on the required effective date using the modified retrospective application.

In addition, as the presentation and disclosure requirements in PFRS 15 are more detailed than under current PFRSs, the Company is currently assessing what necessary changes it needs to make on its current systems, internal controls, policies and procedures to enable the Company to collect and disclose the required information.

The recognition and measurement requirements in PFRS 15 also apply to gains or losses on disposal of nonfinancial assets (such as items of property and equipment), when that disposal is not in the ordinary course of business.

The Company is currently assessing the impact of this standard.

- Amendments to PAS 28, *Measuring an Associate or Joint Venture at Fair Value* (Part of *Annual Improvements to PFRSs 2014 - 2016 Cycle*)
- Amendments to PAS 40, *Investment Property, Transfers of Investment Property*
- Philippine Interpretation on International Financial Reporting Interpretations Committee (IFRIC)-22, *Foreign Currency Transactions and Advance Consideration*

Effective beginning on or after January 1, 2019

- Amendments to PFRS 9, *Prepayment Features with Negative Compensation*
- PFRS 16, *Leases*

Under the new standard, lessees will no longer classify their leases as either operating or finance leases in accordance with PAS 17, *Leases*. Rather, lessees will apply the single-asset model. Under this model, lessees will recognize the assets and related liabilities for most leases on their balance sheets, and subsequently, will depreciate the lease assets and recognize interest on the lease liabilities in their profit or loss. Leases with a term of 12 months or less or for which the underlying asset is of low value are exempted from these requirements.

The accounting by lessors is substantially unchanged as the new standard carries forward the principles of lessor accounting under PAS 17. Lessors, however, will be required to disclose more information in their financial statements, particularly on the risk exposure to residual value.

Entities may early adopt PFRS 16 but only if they have also adopted PFRS 15. When adopting PFRS 16, an entity is permitted to use either a full retrospective or a modified retrospective approach, with options to use certain transition reliefs. The Group is currently assessing the impact of adopting PFRS 16.

- Amendments to PAS 28, *Long-term Interests in Associates and Joint Ventures*
- Philippine Interpretation on IFRIC-23, *Uncertainty over Income Tax Treatments*

Deferred effectivity

- Amendments to PFRS 10 and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

Summary of Accounting Policies

Cash and Cash Equivalents

Cash includes cash on hand and with banks.

Cash equivalents are short-term, highly liquid investments that are readily convertible to known amounts of cash with original maturities of three months or less from date of placements and that are subject to an insignificant risk of change in value.

Short-term Investments

Short-term investments includes investments that the Group has made that is expected to be converted into cash within one year.

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible to the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

Current versus Noncurrent Classification

The Group presents assets and liabilities in the consolidated statement of financial position based on current/non-current classification. An asset is current when it is:

- expected to be realized or intended to be sold or consumed in normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realized within 12 months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

All other assets are classified as noncurrent.

A liability is current when:

- it is expected to be settled in normal operating cycle;
- it is held primarily for the purpose of trading;
- it is due to be settled within 12 months after the reporting period; or
- there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period

The Group classifies all other liabilities as noncurrent.

Deferred income tax assets and liabilities are classified as noncurrent assets and liabilities.

Financial Instruments

Date of Recognition

Financial instruments are recognized in the consolidated statement of financial position when the Group becomes a party to the contractual provisions of the instrument. The Group determines the classification of its financial assets on initial recognition and, where allowed and appropriate, re-evaluates this designation at each reporting date.

All regular way purchases and sales of financial assets are recognized on the settlement date. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

Initial Recognition of Financial Instruments

Financial instruments are recognized initially at fair value of the consideration given (in the case of an asset) or received (in the case of a liability). Except for financial assets at fair value through profit or loss (FVPL), the initial measurement of financial assets includes transaction costs.

“Day 1” Difference

Where the transaction price in a non-active market is different from the fair value from other observable current market transactions in the same instrument or based on a valuation technique whose variables include only data from observable market, the Group recognizes the difference between the transaction price and fair value (a “Day 1” difference) in profit or loss unless it qualifies for the recognition as some other type of asset. In cases where use is made of data which is not observable, the difference between the transaction price and model value is only recognized in profit or loss when the inputs become observable or when the instrument is derecognized. For each transaction, the Group determines the appropriate method of recognizing the amount of “Day 1” difference.

Classification of Financial Instruments

Financial instruments are classified as liabilities or equity in accordance with the substance of the contractual arrangement. Interest, dividends, gains and losses relating to a financial instrument or a component that is a financial liability are reported as expense or income. Distributions to holders of financial instruments classified as equity are charged directly to equity, net of any related income tax benefits.

Financial assets are further classified into the following categories: financial assets at FVPL, loans and receivables, held-to-maturity (HTM) investments and AFS financial assets. Financial liabilities are classified as financial liabilities at FVPL or other financial liabilities.

The classification depends on the purpose for which the instruments are acquired and whether they are quoted in an active market. Management determines the classification at initial recognition and, where allowed and appropriate, re-evaluates this classification at every reporting date.

The Group has no financial assets or liabilities at FVPL and HTM as of December 31, 2017 and 2016.

Loans and Receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial measurement, loans and receivables are subsequently carried at amortized cost using the effective interest rate, less any allowance for impairment. Amortized cost is calculated taking into account any discount or premium on acquisition and includes fees that are integral part of the effective interest and transaction costs. Gains and losses are recognized in profit or loss when the loans and receivables are derecognized or impaired, as well as through the amortization process. Loans and receivables are included in current assets if maturity is within 12 months from the reporting date. Otherwise, these are classified as noncurrent assets.

The Group's loans and receivables consist of cash and cash equivalents, receivables (excluding advances to suppliers and contractors), due from a related party and refundable deposits.

AFS Financial Assets

AFS financial assets include equity investments and debt securities. Equity investments classified as AFS are those which are neither classified as held for trading nor designated at FVPL. Debt securities under this category are those that are intended to be held for an indefinite period of time and that may be sold in response to needs for liquidity or in response to changes in market conditions.

After initial measurement, AFS financial assets are subsequently measured at fair value with unrealized gains or losses recognized as other comprehensive income in "Unrealized valuation gains (losses) on AFS financial assets" until the investment is derecognized, at which time the cumulative gain or loss is transferred to other income (expenses), or determined to be impaired, at which time the cumulative loss is recognized in profit or loss as other expenses. Interest earned while holding AFS financial assets is reported as interest income using the effective interest method.

The Group evaluates its AFS financial assets whether the ability and intention to sell them in the near term is appropriate. When the Group is unable to trade these financial assets due to inactive markets and management's intent to do significantly changes in the foreseeable future, the Group may elect to reclassify these financial assets. Reclassification to loans and receivables is permitted when the financial asset meets the definition of loans and receivables and has the intent and ability to hold these assets for the foreseeable future or maturity. Reclassification to the HTM category is permitted only when the entity has the ability and intent to hold the financial asset accordingly until maturity.

For a financial asset reclassified out of the AFS category, the fair value carrying amount at the date of reclassification becomes its new amortized cost and any previous gain or loss on the asset that has been recognized in other comprehensive income is amortized to profit or loss over the remaining life of the investment using effective interest method. Any difference between the new amortized cost and the maturity amount is also amortized over the remaining life of the asset using the effective interest method. If the asset is subsequently determined to be impaired, then the amount recorded in other comprehensive income is reclassified to profit or loss.

The Group's AFS financial assets consist of equity shares and golf club shares.

Other Financial Liabilities

Other financial liabilities pertain to issued financial instruments or their components that are not classified or designated at FVPL and contain contractual obligations to deliver cash or another financial asset to the holder or to settle the obligation other than by the exchange of a fixed amount of cash or another financial asset for a fixed number of own equity shares.

The components of issued financial instruments that contain both liability and equity elements are accounted for separately, with the equity component being assigned the residual amount after deducting from the instrument as a whole the amount separately determined as the fair value of the liability component on the date of issue.

This category includes loans and borrowings which are initially recognized at fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the effective interest method. Gains or losses are recognized in profit or loss when the liabilities are derecognized, as well as through the amortization process.

The Group's other financial liabilities consist of accounts payable and other liabilities, excluding taxes payable to government agencies.

Impairment of Financial Assets

An assessment is made at each reporting date to determine whether there is objective evidence that a specific financial asset may be impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (an incurred "loss event") and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated.

Evidence of impairment may include indications that the contracted parties or a group of contracted parties is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganization, and where observable data indicate that there is measurable decrease in the estimated future cash flows such as changes in arrears or economic conditions that correlate with defaults.

Financial Assets Carried at Amortized Cost

The Group first assesses whether objective evidence of impairment exists individually for financial assets that are individually significant, and collectively for financial assets that are not individually significant. If it is determined that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, the asset is included in a group of financial assets with similar credit risk characteristics and that group of financial assets is collectively assessed for impairment. Assets that are individually assessed for impairment and for which an impairment loss is or continues to be recognized are not included in the collective assessment of impairment.

If there is objective evidence that an impairment loss on loans and receivables carried at amortized cost has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate (the effective interest rate computed at initial recognition). If a loan has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate. The carrying amount of the asset shall be reduced either directly or through the use of an allowance account. The amount of the loss is recognized in profit or loss.

If, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, the previously recognized impairment loss is reversed. Any subsequent reversal of an impairment loss is recognized in profit or loss, to the extent that the carrying value of the asset does not exceed its amortized cost at the reversal date.

AFS Financial Assets Carried at Fair Value

In the case of equity investments, evidence of impairment would include a significant or prolonged decline in fair value of investments below its cost. "Significant" is evaluated against the original cost of the investment and "prolonged" against the period in which the fair value has been below its original cost. Where there is evidence of impairment, the cumulative loss, measured as the difference between the acquisition cost and the current fair value, less any impairment loss on that financial asset previously recognized, is removed from other comprehensive income and recognized in profit or loss. Impairment losses on equity investments are not reversed through profit or loss. Increases in fair value after impairment are recognized directly in other comprehensive income.

In the case of debt instruments classified as available for sale, impairment is assessed based on the same criteria as financial assets carried at fair value. However, the amount recorded for impairment is the cumulative loss measured as the difference between the amortized cost and the current fair value, less any impairment loss on that investment previously recognized in profit or loss.

Future interest income continues to be accrued based on the reduced carrying amount of the asset, using the rate of interest used to discount the future cash flows for the purpose of measuring the impairment loss. The interest income is recorded as part of finance income. If, in a subsequent year, the fair value of a debt instrument increases and the increase can be objectively related to an event occurring after the impairment loss was recognized in profit or loss, the impairment loss is reversed through profit or loss.

Offsetting Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to set off the recognized amounts and there is intention to settle on a net basis, or to realize the asset and settle the liability simultaneously. The Group assesses that it has a currently enforceable right of offset if the right is not contingent on a future event, and is legally enforceable in the normal course of business, event of default, and event of insolvency or bankruptcy of the Group and all of the counterparties.

Derecognition of Financial Assets and Liabilities

Financial Assets

A financial asset (or, when applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- the rights to receive cash flows from the asset have expired;

- the Group retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a pass-through arrangement; or
- the Group has transferred its rights to receive cash flows from the asset and either (a) has transferred substantially all the risks and rewards of the asset, or (b) has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Group's continuing involvement in the asset. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to pay.

Financial Liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in profit or loss.

Real Estate Inventories

Property acquired or being constructed for sale in the ordinary course of business, rather than to be held for rental or capital appreciation, is held as inventory and is measured at the lower of cost and net realizable value (NRV).

Cost includes:

- Cost of land
- Amounts paid to contractors for construction
- Planning and design costs, costs of site preparation, professional fees, property transfer taxes, construction overheads and other related costs

NRV is the estimated selling price in the ordinary course of the business, based on market prices at the reporting date, less estimated costs of completion and the estimated costs of sale. The amount of any write-down of inventories to NRV and all losses of inventories are recognized in profit or loss in the year the write-down or loss occurs.

The cost of inventory recognized in profit or loss on disposal is determined with reference to the specific costs incurred on the property sold and an allocation of any non-specific costs. The total costs are allocated pro-rata based on the relative size of the property sold.

Reposessed Inventories

Reposessed inventories represent the acquisition costs of properties sold but subsequently reacquired by the Group due to buyer's default on payment of monthly amortization. These are measured at fair value, which is considered as the properties' deemed cost as at reacquisition date. Any resulting gain or loss is credited or charged to "Other income" in profit or loss.

Prepayments

Prepayments are carried at cost and are amortized on a straight-line basis over the period of expected usage, which is equal to or less than 12 months.

Advances to Suppliers and Contractors

Advances to suppliers and contractors represent advance payments on services to be incurred in connection with the Group's operations. Advances to suppliers and contractors are recognized under "Prepayments and other current assets" account in the consolidated statement of financial position. These are charged to expense in profit or loss, or capitalized to real estate inventories in the consolidated statement of financial position, as appropriate, when the services are rendered, which is normally within 12 months.

Creditable Withholding taxes (CWT)

CWTs are amounts withheld from income subject to expanded withholding taxes. CWTs can be utilized as payment for income taxes provided that these are properly supported by certificates of creditable tax withheld at source, subject to the rules on Philippine income taxation. CWTs which are expected to be utilized as payment for income taxes within 12 months are classified as current assets. Otherwise, these are classified as other noncurrent asset. CWTs are classified in the "Prepayments and other current assets" account in the consolidated statement of financial position.

Value-added Tax (VAT)

Revenues, expenses, and assets are recognized net of the amount of VAT, if applicable. When VAT from sales of goods and/or services (output VAT) exceeds VAT passed on from purchases of goods or services (input VAT), the excess is recognized as payable in the consolidated statement of financial position. When VAT passed on from purchases of goods or services (input VAT) exceeds from sales of goods and/or services (output VAT), the excess is recognized as an asset in the consolidated statement of financial position to the extent of the recoverable amount.

The input VAT recoverable from the taxation authority is included as part of "Prepayments and other current assets" or "Other noncurrent asset", while output VAT payable to the taxation authority is included as part of "Accounts payable and other liabilities" accounts in the consolidated statement of financial position.

Property and Equipment

Property and equipment are stated at cost less accumulated depreciation and amortization and any impairment losses.

The initial cost of property and equipment comprises its purchase price including, import duties, nonrefundable purchase taxes and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Such cost includes the cost of replacing part of such equipment when the recognition criteria are met. Expenditures incurred after the property and equipment have been put into operation, such as repairs and maintenance, are normally charged to income in the period in which the costs are incurred. In situations where it can be clearly demonstrated that the expenditures have resulted in an increase in the future economic benefits expected to be obtained from the use of an item of property and equipment beyond its originally assessed standard of performance, the expenditures are capitalized as an additional cost of property and equipment.

Depreciation commences when an asset is in the location and condition capable of being operated in the manner intended by management. Depreciation and amortization are computed on a straight-line basis over the estimated useful lives of the assets, except for leasehold improvements which are amortized on a straight-line basis over the term of the lease or the estimated lives of the improvements, whichever is shorter, as follows:

Asset Type	Number of years
Building	20
Office furniture and equipment	1-3
Transportation equipment	5

Leasehold improvements are amortized on a straight-line basis over the term of the lease or the estimated lives of the improvements except for, whichever is shorter.

Depreciation ceases at the earlier of the date that the asset is classified as held for sale (or included in a disposal group that is classified as held for sale) in accordance with PFRS 5, *Non-current Assets Held for Sale and Discontinued Operations*, and the date that the asset is derecognized.

The estimated useful lives and depreciation and amortization methods are reviewed periodically to ensure that the periods and method of depreciation and amortization are consistent with the expected pattern of economic benefits from items of property and equipment.

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the year the asset is derecognized. Fully depreciated items are retained as property and equipment until these are no longer in use.

Impairment of Nonfinancial Assets

The Group assesses at each reporting date whether there is an indication that nonfinancial assets may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs to sell and its value-in-use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value-in-use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, an appropriate valuation model is used. These calculations are corroborated by valuation multiples or other available fair value indicators. Impairment losses from continuing operations are recognized in profit or loss.

For nonfinancial assets excluding goodwill, an assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased.

If such indication exists, the Group makes an estimate of recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increased amount cannot exceed the carrying amount that would have been determined, net of depreciation and amortization, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in profit or loss.

Common Stock

The Group has issued common stocks that are classified as equity. Common stock is measured at par value for all shares issued.

When the shares are sold at premium, the excess of the proceeds over the par value is credited to "Additional paid-in capital" account. Direct costs incurred related to equity issuance are chargeable to "Additional paid-in capital" account. If additional paid-in capital is not sufficient, the excess is charged against retained earnings.

Subscription receivable pertains to the uncollected portion of the subscribed shares.

Retained Earnings

The amount included in retained earnings includes profit (loss) attributable to the Group's stockholders and reduced by dividends. Dividends are recognized as a liability and deducted from equity when they are approved by the Group's stockholders. Interim dividends are deducted from equity when they are paid. Dividends for the year that are approved after the reporting date are dealt with as an event after the reporting date. Retained earnings may also include effect of changes in accounting policy as may be required by the standard's transitional provisions.

Appropriated retained earnings represent that portion which has been restricted, and therefore, not available for dividend declaration. Unappropriated retained earnings represent that portion which can be declared as dividends to stockholders.

Other Comprehensive Income (OCI)

OCI comprises items of income and expenses, including reclassification adjustments, which are not recognized in profit or loss as required or permitted by other standards.

Treasury Stock

Own equity instruments which are reacquired (treasury stock) are recognized at cost and deducted from equity. No gain or loss is recognized in the consolidated statement of comprehensive income on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference in the carrying amount and the consideration, if reissued, is recognized in additional paid-in capital. Voting rights related to treasury stock are nullified for the Group and no dividends are allocated to them respectively. When the stocks are retired, the common stock account is reduced by its par value and the excess of cost over par value upon retirement is debited to additional paid-in capital when the shares were issued and to retained earnings for the remaining balance.

Revenue and Cost Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. The Group assesses its revenue arrangements against specific criteria in order to determine if it is acting as principal or agent. The Group has concluded that it is acting as a principal in all of its revenue arrangements. The following specific revenue recognition criteria should also be met before revenue is recognized.

Real Estate Sales

The Group assesses whether it is probable that the economic benefits will flow to the Group when the sales prices are collectible. Collectability of the sales price is demonstrated by the buyer's commitment to pay, which in turn is supported by substantial initial and continuing investments that give the buyer a stake in the property sufficient that the risk of loss through default motivates the buyer to honor its obligation to the seller. Collectability is also assessed by considering factors such as the credit standing of the buyer, age and location of the property.

The percentage-of-completion (POC) method is used to recognize income from sale of projects where the Group has material obligations under the sales contract to complete the project after the property is sold. The Group start recognizing income under POC when the equitable interest has been transferred to the buyer, construction is beyond the preliminary stage (i.e., engineering, design work, construction contracts execution, site clearance and preparation, excavation and the building foundation are finished), and the costs incurred or to be incurred can be measured reliable. Under this method, revenue is recognized as the related obligations are fulfilled, measured principally on the basis of actual costs incurred to date over the estimated total costs to complete the project.

When a sale of real estate does not meet the requirements for income recognition, the sale is accounted for under the deposit method. Under this method, revenue is not recognized and the receivable from the buyer is not recorded. The real estate inventory continues to be reported in the Group's consolidated statement of financial position as part of real estate inventories and the deposit as part of as "Customers' deposits" included under the "Accounts payable and other liabilities" account in the consolidated statement of financial position.

Cost of Real Estate Sales

Cost of real estate sales is recognized consistent with the revenue recognition method applied. Cost of subdivision land and condominium units sold before the completion of the development is determined on the basis of the acquisition cost of the land plus its full development costs, which include estimated costs for future development works, as determined by the Group's in-house technical staff.

The cost of real estate sales recognized in profit or loss on disposal is determined with reference to the specific costs incurred on the property, allocated to saleable area based on relative size and takes into account the POC used for revenue recognition purposes.

Any changes in estimated development costs used in the determination of the amount of revenue and cost are recognized in profit or loss in the period in which the change is made.

Interest Income

For all financial instruments measured at amortized cost and interest bearing financial assets classified as available for sale, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset or liability.

Dividend Income

Dividend income is recognized when the Group's right to receive the payment is established, usually upon declaration of the dividends.

Gain on Sale of AFS Financial Assets

Realized gain or loss on sale of AFS financial assets is recognized in profit or loss when the Group disposes its AFS financial assets.

Other Income

Other income pertains to the gain arising from forfeiture or cancellation of prior years' real estate sales.

Expense Recognition

Expenses are decreases in economic benefits during the accounting period in the form of outflows or depletions of assets or incurrences of liabilities that result in decreases in equity, other than those relating to distributions to equity participants.

General and Administrative Expenses

Expenses incurred in the general administration of day-to-day operation of the Group are generally recognized when the service is used or the expense arises.

Sales and Marketing Expenses

Expenses incurred in the direct selling and marketing activities are generally recognized when the service is incurred or the expense arises.

Commission Expense

Commissions paid to sales or marketing agents on the sale of pre-completed real estate units are deferred when recovery is reasonably expected and are charged to expense in the period in which the related revenue is recognized as earned. Accordingly, when the POC method is used, commissions are likewise charged to expense in the period the related revenue is recognized. Commission expense is included in the “Sales and marketing expenses” account in the consolidated statement of comprehensive income. Commission expense incurred but not yet paid as of reporting date is presented as part of “Accounts payable and other liabilities” in the consolidated statement of financial position.

Retirement Benefits Cost

The Group recognizes the net defined benefit liability or asset which is the aggregate of the present value of the defined benefit obligation at the end of the reporting period reduced by the fair value of plan assets (if any), adjusted for any effect of limiting a net defined benefit asset to the asset ceiling. The asset ceiling is the present value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The cost of providing benefits under the defined benefit retirement plan is determined using the projected unit credit method.

Retirement benefits cost comprise the following:

- Service cost
- Net interest on the net defined benefit liability or asset
- Re-measurements of net defined benefit liability or asset

Service costs which include current service costs, past service costs and gains or losses on non-routine settlements are recognized as expense in profit or loss. Past service costs are recognized when plan amendment or curtailment occurs. These amounts are calculated periodically by independent qualified actuaries.

Net interest on the net defined benefit liability or asset is the change during the period in the net defined benefit liability or asset that arises from the passage of time which is determined by applying the discount rate based on government bonds to the net defined benefit liability or asset.

Net interest on the net defined benefit liability or asset is recognized as an expense or income in profit or loss.

Re-measurements comprising actuarial gains and losses, return on plan assets and any change in the effect of the asset ceiling (excluding net interest on defined benefit liability) are recognized immediately in the consolidated statement of financial position with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to the consolidated statement in comprehensive loss in subsequent periods.

Income Taxes

Current Income Tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recoverable from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Current income tax for current and prior periods shall, to the extent unpaid, be recognized as a liability and is presented as “Income tax payable” account in the consolidated statement of financial position. If the amount already paid in respect of current and prior periods exceeds the amount due for those

periods, the excess shall be recognized as an asset and is presented as part of “Prepayments and other current assets” account in the consolidated statement of financial position.

Deferred Income Tax

Deferred income tax is provided, using the balance sheet liability method, on all temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax liabilities are recognized for all taxable temporary differences. Deferred income tax assets are recognized for all deductible temporary differences, carryforward benefits of unused tax credits from excess minimum corporate income tax (MCIT) over the regular corporate income tax (RCIT) and unused net operating loss carryover (NOLCO), to the extent that it is probable that sufficient future taxable profits will be available against which the deductible temporary differences and carryforward benefits of unused MCIT and unused NOLCO can be utilized before their expiration.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred income tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Deferred income tax relating to items recognized directly in equity is recognized in equity and not in profit or loss. Deferred tax items are recognized in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Basic/Diluted Earnings (Loss) Per Share

Basic earnings (loss) per share is computed by dividing net income (loss) for the year attributable to equity holders of the Group by the weighted average number of common shares outstanding during the year, after giving retroactive effect to any stock dividends or stock splits, if any, declared during the year.

Diluted earnings (loss) per share is computed in the same manner, with the net income (loss) for the year attributable to equity holders of the Group and the weighted average number of common shares outstanding during the year, adjusted for the effect of all dilutive potential common shares.

Foreign Currency-denominated Transactions

Transactions in foreign currencies are initially recorded in the functional currency rate ruling at the date of the transaction. Outstanding monetary assets and monetary liabilities denominated in foreign currencies are restated using the rate of exchange at the reporting date. Foreign currency gains or losses are recognized in profit or loss.

Leases

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at inception date and requires an assessment of whether the fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset. A reassessment is made after inception of the lease only if one of the following applies:

- a. there is a change in contractual terms, other than a renewal or extension of the arrangement;
- b. a renewal option is exercised or extension granted, unless that term of the renewal or extension was initially included in the lease term;
- c. there is a change in the determination of whether fulfillment is dependent on a specified asset; or
- d. there is a substantial change to the asset.

Where a reassessment is made, lease accounting shall commence or cease from the date when the change in circumstances gave rise to the reassessment for scenarios (a), (c) or (d) above, and at the date of renewal or extension period for scenario (b).

Leases where the lessor retains substantially all the risks and rewards of ownership are classified as operating leases. Operating lease payments are recognized as an expense in the Group's profit or loss on a straight-line basis over the lease term. When an operating lease is terminated before the lease period has expired, any payment required to be made to the lessor by way of penalty is recognized.

Provisions

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessment of the time value of money and, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as an interest expense. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

Contingencies

Contingent liabilities are not recognized in the consolidated financial statements. They are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the consolidated financial statements but are disclosed in the notes to consolidated financial statements when an inflow of economic benefits is probable.

Events After the Reporting Date

Post year-end events that provide additional information about the Group's position at the reporting date (adjusting events) are reflected in the consolidated financial statements when material. Post year-end events that are not adjusting events are disclosed in the notes to consolidated financial statements when material.

3. Significant Accounting Judgments, Estimates and Assumptions

The consolidated financial statements prepared in accordance with PFRS requires management to make judgments, estimates and assumptions that affect amounts reported in the consolidated financial statements and related notes. The judgments, estimates and assumptions used in the consolidated financial statements are based upon management's evaluation of relevant facts and circumstances as of the date of the consolidated financial statements. Actual results could differ from such estimates.

Judgments

Revenue Recognition

Selecting the appropriate revenue recognition method for particular real estate transaction requires certain judgments based on the following, among others:

- *Buyer's continuing commitment to the sales agreement*
Collectability of the sales price is demonstrated by the buyer's commitment to pay, which in turn is supported by substantial initial and continuing investments that gives the buyer a sufficient stake in the property that risk of loss through default motivates the buyer to honor his obligation. Collectability is also assessed by considering factors such as the credit standing of the buyer, age, and location of the property.

For sale of real estate properties, in determining whether the sales prices are collectible, the Group considers that initial and continuing investments by the buyer of about 25% would demonstrate the buyer's commitment to pay.

- *Stage of completion of the project*
The Group commences the recognition of revenue from sale of uncompleted projects where the POC method is used when the POC, as determined by project engineers employed by the Group, is already beyond the preliminary stage (i.e., engineering, design work, construction contracts execution, site clearance and preparation, excavation and the house unit foundation are finished).

Operating Leases - The Group as Lessee

The Group has entered into a lease for its administrative office location. The Group has determined that all the significant risks and benefits of ownership of these properties remain with the lessors. Accordingly, these leases are accounted for as operating leases.

Estimates and Assumptions

The key estimates concerning the future and other key sources of estimation uncertainty at reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Revenue and Cost Recognition

The Group's revenue recognition policies require management to make use of estimates and assumptions that may affect the reported amounts of revenue and costs. The Group's revenue and cost from real estate sales recognized based on the POC is determined based on actual costs incurred to date over the estimated total costs to complete the project reconciled with the project engineer's judgment and estimates on the physical portion of contract work done if the development is beyond the preliminary stage.

Real estate sales and cost of real estate sales amounted to ₱64.9 million and ₱33.4 million in 2017, ₱156.8 million and ₱113.7 million in 2016 and ₱250.3 million and ₱196.0 million in 2015, respectively.

Estimation of Allowance for Impairment of Loans and Receivables

The level of allowance for loans and receivables is evaluated by management based on past collection history and other factors which include, but are not limited to the length of the Group's relationship with the customer, the customer's payment behavior and known market factors that affect the collectability of the accounts.

There are no allowance for impairment losses on loans and receivables as of December 31, 2017 and 2016. Receivables and due from a related party amounted to ₱119.5 million and ₱154.7 million as of December 31, 2017 and 2016, respectively (see Notes 6 and 18).

Measurement of Net Realizable Value of Real estate Inventories

The Group adjusts the cost of its real estate inventories to NRV based on its assessment of the recoverability of the inventories. NRV in respect of real estate inventories under construction is assessed with reference to market prices at the reporting date for similar completed property, less estimated costs to complete construction and less estimated costs to sell. The amount and timing of recorded expenses for any period would differ if different judgments were made or different estimates were utilized.

Real estate inventories at cost amounted to ₱1,092.9 million and ₱1,082.1 million as of December 31, 2017 and 2016, respectively. In 2017 and 2016, the Group assessed that the NRV of real estate inventories is higher than cost, hence the Group did not recognize any losses on write down of real estate inventories (see Note 7).

Recognition of Deferred Income Tax Assets

The Group reviews the carrying amounts of deferred income tax assets at each financial reporting date and reduces the amounts to the extent that they are no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax assets to be utilized. However, there is no assurance that the Group will generate sufficient taxable income to allow all or part of its deferred income tax assets to be utilized.

The Group recognized deferred income tax asset amounting to ₱5.6 million and ₱11.2 million as of December 31, 2017 and 2016, respectively (see Note 17).

4. Cash and Cash Equivalents

	2017	2016
Cash on hand and in banks	₱47,512,928	₱59,792,734
Cash equivalents	67,519,482	297,365,332
	₱115,032,410	₱357,158,066

Cash in banks earn interest at the respective bank deposit rates. Cash equivalents are made for varying periods of up to three months depending on the immediate cash requirements of the Group and earn interest at the respective short-term deposit rates. Interest income earned amounted to ₱1.7 million, ₱2.6 million and ₱2.1 million in 2017, 2016 and 2015, respectively.

5. Short-Term Investments

In 2017, the Parent Company acquired investments in government securities bearing interest ranging from 2.85% to 3.00%, maturing in 2018. Interest earned during the year amounted to ₱3.3 million.

6. Receivables

	2017	2016
Installment contract receivables	₱74,438,231	₱116,819,864
Advances to:		
Officers and employees	19,792,193	19,258,164
Suppliers and contractors	6,153,014	6,201,177
Agents	1,031,968	1,056,607
Other receivables	17,904,353	11,148,882
	119,319,759	154,484,694
Less current portion of receivables	(57,477,913)	(75,635,832)
	₱61,841,846	₱78,848,862

- a. Installment contract receivables arises from sale of real estate and is collectible in monthly installments over a period ranging from one to 10 years which bears interest rates of 14.0% to 16.0% in 2017 and 2016 computed on the diminishing balance.

Interest income earned amounted to ₱7.9 million, ₱10.6 million and ₱2.8 in 2017, 2016 and 2015, respectively.

- b. Advances to officers and employees are noninterest-bearing and will generally be settled through liquidation and salary deduction, respectively. These receivables will be settled within the next financial year.
- c. Advances to suppliers and contractors are payments made to suppliers as contracts with them generally require advance payment. The amount will be applied as part of the full payment of the contracted price.
- d. Other receivables consists mostly of receivables from unit owners and Condominium Corporation.

7. Real Estate Inventories

	2017	2016
Condominium and residential units	₱592,595,104	₱577,738,822
Subdivision projects for development	340,795,837	334,782,960
Lot inventory	159,478,083	169,599,814
	1,092,869,024	1,082,121,596
Less current portion of real estate inventories	904,056,020	895,840,042
	₱188,813,004	₱186,281,554

A summary of the movement in real estate inventories is set out below:

	2017	2016
Balances at beginning of year	₱1,082,121,596	₱1,111,283,626
Development costs incurred (Note 24)	25,614,877	20,561,570
Repossessed inventories	18,544,300	63,934,057
Disposals recognized as cost of real estate sales	(33,411,749)	(113,657,657)
	₱1,092,869,024	₱1,082,121,596

8. Prepayments and Other Current Assets

	2017	2016
Input VAT - net of noncurrent portion (Note 11)	₱33,215,691	₱46,813,687
Prepaid taxes	22,931,918	18,835,254
Refundable deposits (Note 24)	2,772,036	2,687,786
Others	104,258	53,553
	₱59,023,903	₱68,390,280

Refundable deposits are composed of security deposits related to the Group's lease agreement and utility deposits to Manila Electric Corporation.

9. AFS Financial Assets

	2017	2016
Shares of stock	₱19,090,599	₱20,200,708
Golf club shares	24,250,000	20,660,000
Unit investment trust funds (UITF)	10,105,372	—
	₱53,445,971	₱40,860,708

The Group's AFS financial assets pertain to investments in shares of stock of various publicly-listed companies, golf club shares and UITF investments.

The fair values of the shares of stock are based on the quoted market price that is readily and regularly available in the Philippine Stock Exchange. The price is indicative of actual market transactions on an arm's length basis.

The fair value of quoted club share is determined by reference to published price quotation. The price is indicative of actual market transactions on an arm's length basis.

Dividend income earned from equity securities classified as "AFS financial assets" amounted to ₱0.4 million in 2017 and ₱0.3 million in 2016 and 2015, respectively.

In 2017, ₱130.3 million UITF were redeemed. Gain on redemption of UITF amounted to ₱0.3 million.

The rollforward of net changes in fair value of AFS financial assets during the years ended December 31 are as follows:

	2017	2016
Balances at beginning of year	₱13,712,536	₱5,597,730
Fair value adjustments, net of deferred income tax	994,354	8,114,806
Unrealized valuation gains recycled to profit or loss	(257,841)	—
Balances at end of year	₱14,449,049	₱13,712,536

10. Property and Equipment

December 31, 2017

	Land	Building	Office Furniture and Equipment	Transportation Equipment	Leasehold Improvements	Total
Cost						
Balances at beginning of year	₱16,336,217	₱18,734,059	₱9,453,520	₱13,762,035	₱5,499,981	₱63,785,812
Additions	—	—	1,330,345	1,275,793	—	2,606,138
Disposals	—	—	(215,446)	—	—	(215,446)
Balances at end of year	16,336,217	18,734,059	10,568,419	15,037,828	5,499,981	66,176,504
Accumulated depreciation and amortization						
Balances at beginning of year	—	4,471,145	8,964,331	13,762,035	1,905,684	29,103,195

Disposals	—	—	(215,446)	—	—	(215,446)
Balances at end of year	—	5,407,847	9,214,559	13,825,825	2,861,584	31,309,815
Net book values	₱16,336,217	₱13,326,212	₱1,353,860	₱1,212,003	₱2,638,397	₱34,866,689

December 31, 2016

	Land	Building	Office Furniture and Equipment	Transportation Equipment	Leasehold Improvements	Total
Cost						
Balances at beginning of year	₱16,336,217	₱18,734,059	₱9,288,463	₱13,762,035	₱5,383,909	₱63,504,683
Additions	—	—	165,057	—	116,072	281,129
Balances at end of year	16,336,217	18,734,059	9,453,520	13,762,035	5,499,981	63,785,812
Accumulated depreciation and amortization						
Balances at beginning of year	—	3,534,442	8,254,248	13,675,577	953,653	26,417,920
Depreciation and amortization (Notes 13 and 14)	—	936,703	710,083	86,458	952,031	2,685,275
Balances at end of year	—	4,471,145	8,964,331	13,762,035	1,905,684	29,103,195
Net book values	₱16,336,217	₱14,262,914	₱489,189	₱—	₱3,594,297	₱34,682,617

As of December 31, 2017 and 2016, the cost of fully depreciated property and equipment amounted to ₱22.1 million and ₱20.2 million, respectively. These are retained in the records and still used by the Parent Company until these are disposed or the Parent Company vacate the leased premises.

11. Other Noncurrent Asset

Other noncurrent asset consist of input VAT that is expected to be offset against output VAT in more than one year. As of December 31, 2017 and 2016 deferred input VAT amounted to ₱27.5 million and ₱27.1 million, respectively.

12. Accounts Payable and Other Liabilities

	2017	2016
Customers' deposits and unearned income	₱72,696,975	₱51,037,088
Accrued contractors' payables	38,117,214	40,003,016
Retention payables (Note 24)	6,579,480	7,278,248
Accrued expenses	5,881,972	4,866,227
Accounts payable - trade	4,187,366	4,876,900
Government payables	814,775	6,143,980
	₱128,277,782	₱114,205,459

- a. Customers' deposits and unearned income include collections received from buyers which (a) have not met the revenue recognition criteria and/or (b) have met the revenue recognition criteria but the collections received are greater than the recognized instalment contracts receivable based on the percentage-of-completion.
- b. Accounts payable includes billings of various suppliers and contractors for liabilities incurred in relation to the project and office administrative functions. Accounts payable are noninterest-bearing with payment terms which are dependent on the suppliers' or contractors' credit terms, which is generally 30 to 60 days.
- c. Accrued contractors' payables represent accruals for billings of various contractors in relation to the Anuva and Althea Project. These accruals are reclassified to accounts payable once billings are actually received.
- d. Retention payables represent the amount retained by the Group as security for any defects and damages on the construction of Anala arising from or due to faulty workmanship and/or defective contractor-supplied materials before the final acceptance of the Anala and the payment of the last billing. Retention payable is expected to be settled within the next financial year.
- e. Government payables consist of mandatory contributions and payments to the Social Security System, Philippine Health Insurance Corporation, and the Home Development Mutual Fund, withholding tax payables and are remitted the month following the month of withholding.

13. General and Administrative Expenses

	2017	2016	2015
Personnel costs	₱14,332,014	₱12,927,854	₱13,216,495
Travel and transportation	6,162,977	8,333,946	7,152,471
Interest, penalties and charges	5,100,832	4,300,000	425,284
Taxes and licenses	4,800,610	4,402,618	6,176,227
Professional fees	4,539,331	4,102,886	3,816,688
Research and development expenses	3,237,382	2,894,414	4,033,140
Rent and utilities (Note 24)	2,672,171	3,992,098	5,519,119
Outside services	2,049,722	2,688,842	6,059,891
Depreciation and amortization (Note 10)	2,417,031	2,604,688	2,075,998
Telecommunications and postage	1,085,619	1,133,431	981,633
Supplies	792,439	849,018	770,206
Dues and subscription	790,151	825,475	1,118,053
Repairs and maintenance	613,383	669,447	462,000
Trainings and seminars	219,595	298,897	211,871
Entertainment and representation	186,617	746,425	252,580
Insurance	53,957	709,652	352,723
Provision for impairment loss on AFS financial assets	—	—	7,835,749
Property management expense	—	3,446,488	4,482,147
Others	1,749,121	1,444,759	2,000,288
	₱50,802,952	₱56,370,938	₱66,942,563

Others include bank charges and other miscellaneous costs.

Personnel costs consist of:

	2017	2016	2015
Salaries and wages	₱12,355,838	₱11,029,065	₱11,278,801
Short term employee benefits	1,432,438	1,337,596	1,430,630
Retirement benefits cost (Note 16)	543,738	561,193	507,064
	₱14,332,014	₱12,927,854	₱13,216,495

14. Sales and Marketing Expenses

	2017	2016	2015
Commissions and incentives	₱8,365,312	₱4,830,254	₱18,073,326
Product presentation	4,485,533	4,350,491	910,093
Consultancy fees	7,268,606	2,958,462	6,599,886
Rent and utilities (Note 24)	914,643	833,708	1,615,338
Advertising	805,368	861,542	1,077,541
Telecommunications and postage	334,330	243,899	70,261
Travel and transportation	237,899	146,761	335,621
Depreciation and amortization (Note 10)	5,035	80,587	268,877
Others	38,934	35,189	22,839
	₱22,455,660	₱14,340,893	₱28,973,782

Others include expenses from meetings, janitorial fees and other expenses directly attributable to sales and marketing.

15. Other Income - Net

	2017	2016	2015
Forfeited buyer deposits	₱7,312,900	₱19,163,258	₱7,911,436
Gain on repossession	4,170,772	15,398,166	5,428,035
Penalty income and late payment charges	477,394	602,679	2,045,693
Write-off of other assets	(7,473,163)	—	—
Others - net	900,261	5,705,123	712,900
	₱5,388,164	₱40,869,226	₱16,098,064

- Forfeited buyer deposits are recognized when the deposits from potential buyers are deemed nonrefundable due to prescription of the period for entering into a contracted sale.
- Gain on repossession represents the difference between the fair value of the repossessed inventories and the carrying value of the ICR and any amount refundable to the buyer at the date of repossession.
- Penalty are additional fees imposed on customers due to their failure to make payments on time.
- Others pertain to the reversal of long outstanding payables as the Company assessed that these will no longer be collected by the suppliers in 2016, among others.

16. Retirement Benefit Obligation

The Group has an unfunded, noncontributory defined benefit retirement plan which covers all of its regular employees. RA No. 7641 (“Retirement Pay Law”), an act amending article 287 of Presidential Decree No. 442 (“Labor Code of the Philippines”), requires a provision for retirement pay to qualified private sector employees in the absence of any retirement plan in the entity, provided, however, that the employee’s retirement benefits under any collective bargaining and other agreements shall not be less than those provided under the law. The law does not require minimum funding of the plan. The latest actuarial valuation report is as at December 31, 2017.

Retirement benefits cost recognized in the consolidated statements of comprehensive income are as follows:

	2017	2016	2015
Current service cost	₱380,962	₱382,704	₱316,836
Interest cost	162,776	178,489	190,228
	₱543,738	₱561,193	₱507,064

Amounts recognized in other comprehensive income pertaining to actuarial gain (loss) amounted to (₱29,453), ₱96,525 and ₱78,566, in 2017, 2016 and 2015, respectively.

Changes in the present value of the retirement benefit obligation are as follows:

	2017	2016
Beginning	₱4,222,219	₱3,757,551
Current service cost	380,962	382,704
Interest cost	162,776	178,489
Actuarial gain (loss) due to:		
Experience adjustments	183,250	(58,447)
Change in demographic assumptions	(15,237)	—
Change in assumptions	(138,560)	(38,078)
Ending	₱4,795,410	₱4,222,219

The principal assumptions as of used to determine retirement benefit obligations for the plan are shown below:

	2017	2016
Discount rate	4.30%-5.82%	3.60%-5.34%
Future salary increase	3.00%-10.00%	3.00%-10.00%

The sensitivity analysis below has been determined based on reasonably possible changes of each significant assumption on the defined benefit obligation, assuming all other assumptions were held constant:

December 31, 2017:

	Increase (decrease) in basis points (bps)	Effect on retirement benefit obligation
Discount rate	100 bps	(₱216,058)
	(100 bps)	250,785
Future salary increase rate	100 bps	245,848
	(100 bps)	(216,237)

December 31, 2016:

	Increase (decrease) in basis points (bps)	Effect on retirement benefit obligation
Discount rate	100 bps	(₱182,446)
	(100 bps)	211,934
Future salary increase rate	100 bps	207,367
	(100 bps)	(182,350)

The estimated weighted average duration of benefit payment is 17 years as of December 31, 2017 and 2016.

Shown below is the maturity profile of the undiscounted benefit payments:

	2017	2016
Less than one year	₱2,394,725	₱2,293,732
More than one year to 10 years	1,824,727	1,789,573
More than 10 years to 30 years	14,347,825	11,589,990

17. Income Taxes

- The Parent Company has no provision for current income tax in 2017, 2016, and 2015. The Subsidiary's current provision for income tax represents MCIT in 2017, 2016 and 2015.
- The reconciliation of provision for (benefit from) income tax computed at the statutory income tax rate to provision for income tax shown in the consolidated statements of comprehensive income follows:

	2017	2016	2015
Provision for (benefit from) income tax computed at statutory tax rate	(₱6,845,899)	₱8,141,396	(₱6,029,008)
Additions to (reductions in) income tax resulting from:			
Nondeductible expenses	5,479,081	3,580,517	3,219,028
Nontaxable income	(182,369)	(103,161)	(82,005)
Interest income subjected to final tax	(1,502,417)	(1,314,158)	(730,889)
Movements in deductible temporary differences, NOLCO and excess MCIT over RCIT for which no deferred income tax assets were recognized	6,496,413	(8,931,466)	4,836,714
Provision for income tax	₱3,444,809	₱1,373,128	₱1,213,840

- c. The components of the Group net deferred tax asset (liabilities) are as follows:

	2017	2016
Deferred income taxes recognized in profit or loss		
Deferred tax assets:		
NOLCO	₱1,397,404	₱11,199,511
Excess MCIT over RCIT	3,863,616	—
Retirement benefit obligation	307,699	—
	5,568,719	11,199,511
Deferred tax liabilities:		
Difference between tax and book basis of accounting for real estate transactions	(1,674,766)	(6,395,370)
Gain on repossession	(5,870,682)	(4,619,450)
Unrealized foreign exchange gain	(191,432)	(184,691)
	(7,736,880)	(11,199,511)
	(2,168,161)	—
Deferred income tax liabilities recognized in other comprehensive income:		
Fair value changes of AFS financial assets	(1,848,750)	—
Actuarial gains on defined benefit plan	(5,783)	—
	(1,854,533)	—
	(₱4,022,694)	₱—

- d. The Group's deductible temporary differences, carryforward benefits of NOLCO and excess MCIT over RCIT for which no deferred income tax assets were recognized consists of the following:

	2017	2016
NOLCO	₱40,049,413	₱55,653,959
Accrued expenses	—	4,453,774
Retirement benefit obligation	3,789,023	4,222,219
Excess MCIT over RCIT	—	2,959,109

- e. Unused NOLCO and excess MCIT over RCIT that can be claimed as deduction against future taxable income and RCIT due, respectively, follows:

NOLCO

Year Incurred	Balance as of December 31, 2016	Addition (Applied)	Expired	Balance as of December 31, 2017	Tax effect	Available Until
2014	₱59,267,361	(₱13,180,441)	(₱46,086,920)	₱—	₱—	2017

2016	1,373,128	—	—	1,373,128	1,373,128	2019
2017	—	1,276,648	—	1,276,648	1,276,648	2020
	₱2,959,109	₱1,276,648	(₱372,141)	₱3,863,616	₱3,863,616	

- f. On December 19, 2017, RA No. 10963 or the Tax Reform for Acceleration and Inclusion Act (TRAIN) was signed into law and took effect January 1, 2018, making the new tax law enacted as of the reporting date. Although the TRAIN changes existing tax laws and includes several provisions that will generally affect business on a prospective basis, management assessed that the same will not have any significant impact on the financial statement balances as of the reporting date, except for the deferred tax liability on unrealized gain on changes in fair value of the Group's investment in golf club shares which are subjected to the new capital gains tax rate of 15%.

18. Related Party Disclosures

Enterprises and individuals that directly, or indirectly through one or more intermediaries, control or are controlled by, or are under common control with the Group, including holding companies, subsidiaries and fellow subsidiaries, are related parties of the Group. Associates and individuals owning, directly or indirectly, an interest in the voting power of the Group that gives them significant influence over the enterprise, key management personnel, including directors and officers of the Group and close members of the family of these individuals, and companies associated with these individuals also constitute related parties. In considering each possible related entity relationship, attention is directed to the substance of the relationship and not merely the legal form.

In the normal course of business, the Group has significant related party transactions as follows:

	Amount/volume		Outstanding balance		Terms	Conditions
	2017	2016	2017	2016		
South China Petroleum International (SCPI) Due from a related party	₱12,583	₱12,583	₱191,619	₱179,036	Due and demandable	Unsecured; No impairment

- SCPI is a corporation established to prospect for, explore, extract, dig and drill for, exploit, produce, purchase, or otherwise obtain from the earth, any and all kinds of petroleum and petroleum products, rocks or carbon oils, natural gas and other volatile materials, chemical substance and salts, precious and base metals, diatomaceous earth as well as other minerals of whatever nature whether similar or dissimilar to those listed herein, and to manufacture, refine, prepare for market, buy, sell, import, export and transport and otherwise deal in petroleum and other minerals of whatever nature, whether similar or dissimilar thereto, their products, compounds and derivatives and other mineral and chemical substances in crude or refined condition, and to generally engage, as may be permitted by law, in the business of, and/or investing in mining, manufacturing, contracting and servicing, in addition to oil exploration. Receivable from SCPI pertains to the amount paid for SCPI's business permit and registration.

- Salaries and short-term employee benefits of key management personnel amounted to ₱4.2 million, ₱4.2 million and ₱4.3 million in 2017, 2016 and 2015, respectively.

19. Equity

a. Common Stock

The Parent Company's authorized, issued and outstanding common shares as of December 31 are as follows:

	No. of Shares	Amount
Authorized - ₱1 par value	1,000,000,000	₱1,000,000,000
Issued	600,559,569	600,559,569
Subscribed	306,000,000	306,000,000
Treasury	4,961,650	(4,961,650)
Total issued and outstanding		₱901,597,919

The Parent Company was registered on September 25, 1992 with authorized capital stock amounting to ₱1.0 billion composed of one billion shares with par value ₱1.0 per share.

In 2015, 70,000 shares subscribed shares were fully paid and issued. Collection from such shares in 2015 amounted to ₱52,500.

b. Retained Earnings

On April 7, 2010, the BOD approved a resolution earmarking ₱500.0 million of the retained earnings for purposes of funding its investments in SOC Land related to the Anuva Residences and Diwalwal Mine Reserve projects. On December 21, 2011, the BOD approved a resolution for the reversal of the 2010 appropriation of retained earnings and further earmarking ₱500.0 million in 2011 for purposes of funding its investments related to the Anuva Residences and other investment projects.

On December 8, 2016, the BOD approved a resolution for the reversal of the 2011 appropriation of retained earnings and further earmarking ₱600.0 million and ₱145.0 million of the Parent Company's retained earnings for purposes of funding its investments related to SOC Land's Althea and Azalea Project and the Parent Company's agricultural projects, respectively. The construction of the second tandem building of Anuva project, "Azalea" is expected to be completed on the 4th quarter of 2018.

The retained earnings are restricted for dividend declaration for the portion pertaining to deferred income tax assets and unrestricted earnings of subsidiaries.

c. Treasury Stock

On December 21, 2011, the Parent Company formalized its share repurchase program. Under the terms and conditions of the share repurchase program, 100,000,000 shares shall be repurchased from the market covering a period of twenty-four (24) months starting December 22, 2011. The total budget allocated for the share repurchase program is ₱120.0 million. The program ended last December 22, 2013 purchasing a total of 4,639,000 shares for ₱4.9 million.

20. Basic/Diluted Earnings (Loss) Per Share

	2017	2016	2015
Net income (loss)	(P26,270,254)	P25,764,860	(P21,310,532)
Weighted average number of shares	901,597,919	901,597,919	905,645,387
Basic/Diluted Loss per Share	(P0.0291)	P0.0286	(P0.0235)

There are no dilutive potential common shares outstanding as of December 31, 2017, 2016 and 2015.

21. Financial Instruments

Financial Risk Management Objectives and Policies

The Group has various financial assets and liabilities such as cash and cash equivalents, receivables, due from related parties, refundable deposits, AFS financial assets. The main purpose of the Group's financial instruments is to finance its operations. The Group has other financial instruments such as accounts payable and other liabilities which arise directly from its operations.

The BOD has overall responsibility for the establishment and oversight of the Group's risk management framework. The Group's risk management policies are established to identify and manage the Group's exposure to financial risks, to set appropriate transaction limits and controls, and to monitor and assess risks and compliance to internal control policies. Risk management policies and structure are reviewed regularly to reflect changes in market conditions and the Group's activities.

The Group has exposure to credit risk, liquidity risk, equity price risk and foreign exchange risk from the use of its financial instruments. The BOD reviews and approves the policies for managing each of these risks and they are summarized below.

Credit Risk

Credit risk refers to the potential loss arising from any failure by counterparties to fulfill their obligations, as and when they fall due. It is inherent to the business as potential losses may arise due to the failure of its counterparties to fulfill their obligations on maturity dates or due to adverse market conditions.

The Group is exposed to credit risk primarily because of its investing and operating activities. The Group is exposed to credit risk arising from the counterparties to its financial assets.

Credit Risk Management

In managing credit risk on these investments, capital preservation is paramount. The Group trades only with recognized, creditworthy third parties. It is the Group's policy that all counterparties who wish to trade on credit terms are subject to credit verification procedures. For investment in bonds, funds are invested in highly recommended, creditworthy debt instruments that provides satisfactory interest yield and capital appreciation. Investment in equities securities represent investments in companies with good dividend track record, as well as capital appreciation. The investment portfolio mix between debt and equity is reviewed by management.

With respect to credit risk arising from the other financial assets of the Group, which comprise of cash and cash equivalents, receivables, due from related parties and refundable deposits, management monitors these financial assets on an ongoing basis with the result that the Group's exposure to impairment losses is not significant.

Credit Risk Exposures

The maximum exposure to credit risk for financial assets, which is composed of cash and cash equivalents, receivables, due from related parties, AFS financial assets and refundable deposits, is

equivalent to the carrying amount of these financial assets as carried in the consolidated statement of financial position. The maximum exposure to credit risk for due from related parties is equivalent to the carrying amount of these financial assets as carried in the consolidated statement of financial position, which is secured by collateral.

Credit Risk Concentration Profile

Given the Group's diverse base of counterparties, it is not exposed to large concentrations of credit risk.

Credit Quality of Financial Assets

The credit quality of financial assets is managed by the Group using high quality and standard quality as internal credit ratings.

The tables below show the credit quality by class of financial asset based on the Group's rating system:

December 31, 2017

	<u>Neither Past Due Nor Impaired</u>		<u>Past Due But Not Impaired</u>	
	<u>High Grade</u>	<u>Standard Grade</u>		<u>Total</u>
Loans and receivables:				
Cash and cash equivalents*	₱114,912,497	₱—	₱—	₱114,912,497

	₱117,723,550	₱100,663,460	₱18,808,901	₱237,195,911

*Excluding cash on hand.

December 31, 2016

	<u>Neither Past Due Nor Impaired</u>		<u>Past Due But Not Impaired</u>	
	<u>High Grade</u>	<u>Standard Grade</u>		<u>Total</u>
Loans and receivables:				
Cash and cash equivalents*	₱357,068,154	₱—	₱—	₱357,068,154
Receivables	29,500	116,819,863	37,635,331	154,484,694
Due from a related party	—	179,036	—	179,036
Refundable deposits	2,687,786	—	—	2,687,786
	₱359,785,440	₱116,998,899	₱37,635,331	₱514,419,670

*Excluding cash on hand.

A high grade financial asset pertains to a counterparty that is not expected by the Group to default in settling its obligations, thus credit risk exposure is minimal. This normally includes large prime financial institutions, companies and government agencies. Standard grade financial assets pertain to other financial assets not belonging to high quality financial assets. Past due but not impaired financial assets are items with history of frequent default. Nevertheless, the amount due are still collectible.

The aging analysis of financial assets that are past due but not impaired as of December 31 follows:

	2017	2016
Less than 30 days	₱1,180,617	₱4,056,093
31-60 days	—	240,791
61-90 days	178,324	86,840
More than 90 days	17,449,960	33,251,607
	₱18,808,901	₱37,635,331

Liquidity Risk

Liquidity risk is the risk that the Group will not be able to settle or meet its obligations on time or at a reasonable price. Management is responsible for liquidity, funding as well as settlement management. In addition, liquidity and funding risks, related processes and policies are overseen by management. The Group manages its liquidity risk based on business needs, tax, capital or regulatory considerations, if applicable, through numerous sources of finance in order to maintain flexibility.

The tables below summarize the maturity profile of the Group's financial assets used for liquidity purposes based on contractual undiscounted cash flows, and the Group's financial liabilities based on contractual undiscounted payments.

December 31, 2017

Equity Price Risk

Equity price risk is the likelihood that the fair values of equities decrease as a result of changes in the levels of the equity indices and the values of individual stocks. The equity price risk exposure arises from the Group's AFS financial assets in equity securities. The Group measures the sensitivity of its domestic AFS financial assets by using stock market index fluctuations and its effect to respective share prices.

The Group measures the sensitivity of its domestic AFS financial assets by using stock market index fluctuations and its effect to respective share prices.

In 2017 and 2016, changes in fair value of equity instruments held as AFS financial assets due to a reasonably possible change in equity interest, with all other variables held constant, will increase other comprehensive income by ₱5.3 million and ₱4.1 million, respectively, if equity prices will increase by 10%. An equal change in the opposite direction would have decreased equity by the same amount.

Foreign Currency Risk

Foreign currency risk is the risk where the value of the Group's financial instrument diminishes due to changes in foreign exchange rates. The Group's foreign currency risk relates to its US\$-denominated cash. The Group seeks to mitigate the effect of its currency exposure by matching the level of return on investment with the magnitude of foreign exchange fluctuation. Management closely monitors the fluctuations in exchange rates so as to anticipate the impact of foreign currency risks associated with the financial instruments. The Group currently does not enter into derivative transactions to hedge its currency exposure.

The Group recognized foreign exchange gain (loss) of ₱0.03 million, ₱0.33 million ₱0.3 million for the years ended December 31, 2017, 2016 and 2015. The exchange rate of Peso to US\$ as of December 31, 2017, 2016 and 2015 used in translating the US\$-denominated financial instruments is ₱49.93, ₱49.72 and ₱47.06, respectively.

The following table demonstrates the impact on the Group's net loss before income tax of reasonably possible changes in the US\$ (all other variables held constant). There is no other impact on the Group's equity other than those already affecting profit or loss as follows:

2017		2016	
Movement in US\$ rates	Effect on net income	Movement in US\$ rates	Effect on net income
+3%	(₱185,369)	+4%	(₱245,547)
-3%	185,369	-4%	245,547

Fair Values of Financial Instruments

The following methods and assumptions were used to estimate the fair value of each class of financial instruments for which it is practicable to estimate such value.

Cash and Cash Equivalents, Due from a Related Party, Refundable Deposits and Accounts Payable and Other Liabilities

The carrying amounts of cash and cash equivalents, due from related parties, refundable deposits and accounts payable and other liabilities approximate their fair values due to the short-term maturities of these financial instruments.

Receivables

Fair value is based on the present value of expected future cash flows using the applicable discount rates based on current market rates of identical or similar instruments.

AFS financial assets

Fair value of AFS financial assets are based on closing prices, published price and net asset value per unit as of the reporting date.

Fair Value Hierarchy

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities;
- Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly; or
- Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

The following table presents the fair value of the Group's financial instruments:

	2017		2016	
	Carrying Value	Fair Value	Carrying Value	Fair Value
Financial Assets				
Shares of stock	₱19,090,599	₱19,090,599	₱20,200,708	₱20,200,708
Golf club shares	24,250,000	24,250,000	20,660,000	20,660,000
UITF	10,105,372	10,105,372	—	—
Installment contract receivables	85,450,217	74,438,231	116,819,864	130,312,030
Total	₱138,896,188	₱127,884,202	₱157,680,572	₱171,172,738

The Group's financial instrument carried at fair value consists of equity shares which has been determined by reference to the price of the most recent transaction at the end of reporting period (Level 1), golf club shares which has been determined by reference to published price quotation, and UITF which has been determined by reference to net asset value per unit at the end of reporting period.

As of December 31, 2017 and 2016, there were no transfers between Level 1 and Level 2 fair value measurements, and there were no transfers into and out of Level 3 fair value measurements.

Capital Management

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximize stockholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to stockholders, return capital to stockholders or issue new shares. No changes were made in the objectives, policies or processes in 2017 and 2016.

The following table pertains to the account balances which the Group considers as its core economic capital:

	2017	2016
Common stock	₱600,559,569	₱600,559,569
Subscribed common stock - net	76,500,000	76,500,000
Additional paid-in capital	72,272,140	72,272,140
Retained earnings	861,800,856	888,071,111
Treasury stock	(4,961,650)	(4,961,650)
	₱1,606,170,915	₱1,632,441,170

22. Segment Information

For management purposes, the Group is organized into business units based on its products and services and has two reportable segments, as follows:

- The real estate development segment, which is engaged in the real estate business.
- Investment pertain to the activities of the Parent Company as a holding entity.

No operating segments have been aggregated to form the above reportable operating segments.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss which in certain respects is measured differently from operating income or loss in the consolidated financial statements. The Group's identified operating segments, which are consistent with the segments reported to the BOD, which is the Group's Chief Operating Decision Maker.

The following tables regarding business segments present assets and liabilities, revenue and profit information for each of the three years in the period ended December 31, 2017.

23. Registration with the BOI

As disclosed in Note 1, SOC Land's current project is the Anuva Residences. The Project has been divided into two development phases with Phase 1 comprising of Tandem Buildings 1 and 2 and Phase 2 comprising of the other two buildings.

On September 2, 2011, Phase 1 project was duly registered with the BOI as a New Developer of Low-Cost Mass Housing on a Non-pioneer Status under the Omnibus Investments Code of 1987 (Executive Order No. 226). With the registration, SOC Land is entitled to an ITH for three years from October 2011 or actual start of commercial operations or selling, whichever is earlier, but in no case earlier than the date of registration. Under the specific terms and conditions of the registration, SOC Land shall submit proof of compliance that it has developed socialized housing project and accomplished corporate social responsibility activities that were duly identified by BOI in conjunction with the entitlement of ITH. The compliance with the socialized housing requirement shall be completed within the ITH entitlement period of SOC Land.

On August 14, 2014, the Subsidiary has opted to surrender the original copy of the Certificate of Registration no. 2011-193 issued to the Subsidiary as New Developer of Low-Cost Mass Housing Project which will cancel the Subsidiary's entitlement to an ITH for three years.

24. Contracts and Commitments

The Group has the following significant commitments and agreements:

Construction Agreements and Purchase Commitments

The Group entered into various construction-related contracts for the Anala and Althea Project. These contracts pertain to construction management, general construction works, exterior wall construction works, land development works, mechanical works and electrical and auxiliary works. The contracts for the Anala Project commenced on various dates in 2011 and 2012, with terms ranging from 3 weeks to 2 years. These contracts expired on various dates in 2012 until May 2015, the anticipated turnover date of Anala. The contracts relating to the Althea Project ranges from 120 to 180 days.

These agreements require down payment of 15% to 20% of the contract price while the balance will be settled through progress billings. The agreements also include a provision whereby the Group shall

deduct 10% retention from every progress payment until full completion of the project work. Retention payable related to these contracts amounted to ₱6.6 million and ₱7.3 million as of December 31, 2017 and 2016, respectively (see Note 12). These are expected to be settled in 2018.

Lease Agreements

- a. In 2012, the Parent Company entered into a renewable lease contract with Haldane Investment NV, duly represented by E. Zobel, Inc. for the lease of the 4/F Unit of Enzo Building, located at No. 399 Gil J. Puyat Avenue, Makati City. The contract is for a term of eight months commencing on May 1, 2012 and expiring December 31, 2012. The lease is renewable every year for a period of 12 months. In line with the contract, the Parent Company paid a security deposit amounting ₱86,184, which is classified under “Prepayments and other current assets” (see Note 8). Minimum lease payments within a year under this contract is ₱0.2 million.
- b. On January 1, 2017, the Subsidiary entered into a lease contract with E. Zobel, Inc. for the lease of office space at 2/F Enzo Building, 399 Sen. Gil Puyat Avenue, Makati City. The contract is for the period January 1, 2017 to December 31, 2017. The lease agreement is renewable on a yearly basis. The Subsidiary renewed the lease for another year.

The Group paid security deposit amounting to ₱0.3 million to answer for any and all damages to the leased premises and as security for the return of the leased premises in proper condition. Minimum lease payments within one year amounted to ₱1.7 million.

The Group also entered into a lease contract with a third party contractor to provide service vehicle to Company officers. The contract is renewable every six months. Minimum lease payments within one year amounted to ₱0.7 million.

The related rent expense recognized by the Group amounted to ₱3.6 million, ₱4.8 million and ₱7.1 million in 2017, 2016 and 2015, respectively (see Notes 13 and 14).
