**Subject of the Disclosure**

Securities and Exchange Commission (SEC) Notice dated March 12, 2020 on the COVID-19 pandemic.

**Background/Description of the Disclosure**

Pursuant to the Notice issued by the Commission on 12 March 2020, SOCRessources, INC. ("SOC") wishes to inform the investing public of the following:

SOC's operations, as a holding company, are principally in the acquisition and disposition of securities, investments in time deposits and real estate properties. The Company has a minimal number of employees. Owing to its nature and given the size, structure and nature of its operations, there is low-risk related to the Company's employees and business activities.

SOC's wholly owned subsidiary SOC Land Development Corporation expects a decrease ocular visits due to limited mobility to the projects and the self-imposed quarantine of sellers and potential buyers which could lead to decline in new sales. Sales are predicted to ramp up after the COVID-19 crisis.

SOC's top priority at the moment is the health and safety of its employees. Management has developed protocols and guidelines for employees who are allowed to work from home, or needed to report as skeleton force, or go on quarantine leave of absence.

Following are the company's adopted guidelines to ensure everyone's safety and wellness, at the same time, maintaining business continuity. These protocols and guidelines maybe revised or revoked as management deemed it necessary depending on the updates and government guidelines regarding the severity or containment of the COVID-19 virus.

In light of the COVID-19 threat affecting the country, especially Metro Manila, the Company has implemented the following measures aimed at reducing its employees' potential exposure to the virus as well as its spread to the workplace:

1. Employees are allowed to work from home, unless specifically needed by the Department / Operational requirements to work in the office, or other alternative workplace (to be identified by management), if going to the office is not feasible.
2. Employees who are not required to work during lockdown or required to go on quarantine are considered to be on paid leave, chargeable to earned leave credits, if any. If all leave of absence are exhausted, the management may opt to advance the leave credits or allow the employee to go on leave without pay.
3. Employees may opt out to have a compressed 4-day work week schedule. Work schedule shall be from 8:00am to 7:00pm. The employee may choose his day of no work from Tuesday – Friday.
4. An employee who is not feeling well should not report to work.
5. Temperature check is being implemented for everyone entering the building. Anyone who has temperature above 37.5°C will not be allowed entry and be advised to seek medical help.
6. To the extent possible, meetings shall be done through calls and other electronic channels (i.e. Viber, Skype, Messenger).
7. All trainings, seminars and company-sponsored events are suspended temporarily.
8. Alcohol dispensers are available in entrances and other common areas.
9. Whether at home or at work, we enjoined everyone to heed all the precautions and health guidelines issued by DOH on social distancing, frequent hand washing, covering mouth when sneezing; proper disposal of used tissue once used, and using hand sanitizer or alcohol on top of handwashing; wear mask if you have colds and most importantly, stay at home if you are experiencing flu-like symptoms for your sake and the sake of all your love ones and co-employees.
